

Preparing For & Dealing With Climate Change in Your Community

A Professional Development Workshop for City Officials, Staff, & the Community

This unique solution-oriented workshop hosted by the Town of Surfside and facilitated by The CLEO Institute focuses on engaging participants on the current climate science, the seriousness and urgency of the issue, as well as regional and local planning efforts.

THIS WORKSHOP WILL:

- Simplify the climate science
- Provide an overview of CLEO's work
- Present case scenarios of adaptation and mitigation strategies
- Convene a Q&A session with a panel of local experts
- Include climate readiness strategic planning opportunities
- Address ramifications of climate change on insurance

PANELISTS

- **Mayor Cindy Lerner**,
Village of Pinecrest
- **Susanne Torriente**,
Assistant City Manager,
City of Fort Lauderdale
- **Ricardo Alvarez**,
Vulnerability Assessment &
Mitigation Specialist
