

## CAN “CHILDREN AT PLAY” SIGNS HELP PROTECT OUR KIDS?

The Answer is...**NO, IT DOES NOT!**

- The Florida Department of Transportation (FDOT) reported studies made in cities where such signs were widely posted in residential areas showed no evidence of having reduced pedestrian crashes, vehicle speed or legal liability.
- Furthermore, if signs encourage parents with children to believe they have an added degree of protection, which the signs DO NOT and CANNOT provide, a greater disservice results.
