

9293 Harding Avenue
Surfside, FL. 33154

A MESSAGE FROM PUBLIC WORKS

STREET SWEEPING: WE NEED YOUR HELP

Street sweeping helps remove debris from the gutter and roadsides that would go into storm drains causing water pollution. It helps to keep catch basins and storm drains clean and functional. This can help in an event of an emergency -such as a hurricane. It also enhances the beautification of the Town.

FDOT Storm Drain located on Harding filled with accumulated debris. These drains were recently cleaned out via Vac Trucks.

Here's what you can do to help:

Make sure the street in front of your home is free of any vehicles and other obstacles that would prevent the sweeper from cleaning the curbs. Trees that are too low or vegetation that is overgrown may also prevent a street sweeper from properly cleaning your street and should be trimmed. Residents can also help by not over watering their yards. Over watering washes pollutants such as yard clippings, pesticides, fertilizers and motor oil into the street and into storm drains. Purposely washing any type of debris into the street is not only discouraged, but it is against the law. Residents are encouraged to dispose of all yard waste in waste containers.

Below you'll find the Town's street sweeping schedule for the next six months. Please mark your calendars appropriately and make proper arrangements to help keep the streets clear.

6 MONTH SCHEDULE	
MONTH	DAY
SEPTEMBER	9
SEPTEMBER	23
OCTOBER	7
OCTOBER	21
NOVEMBER	4
NOVEMBER	18
DECEMBER	9
DECEMBER	23
JANUARY	6
JANUARY	20
FEBRUARY	3
FEBRUARY	24

Should you have any questions or would like more information, please feel free to contact the Town at [305-861-4863](tel:305-861-4863) or visit the Town's website at www.townofsurfsidefl.gov.

Thank you for helping to beautify Surfside one street at a time.
