INDEPENDENT AUDITORS' REPORT

To the Pension Board and Plan Administrator Retirement Plan for Employees of the Town of Surfside

Report on the Financial Statements

We have audited the accompanying financial statements of the Retirement Plan for Employees of the Town of Surfside (the "Plan"), which comprise the statement of fiduciary net position as of September 30, 2021, and the related statement of changes in fiduciary net position for the fiscal year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the 2021 financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan, as of September 30, 2021, and the changes in fiduciary net position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Prior Year Comparative Information

We have previously audited the Plan's 2020 financial statements, and our report dated June 10, 2021, expressed an unmodified opinion on those financial statements. In our opinion, the comparative information presented herein as of and for the fiscal year ended September 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of changes in the Town's net pension liability and related ratios, Town's contributions, and investment returns on pages 4 to 7 and 27 to 29, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The Schedules of Administrative and Investment Expenses (the "Schedules") are presented for purposes of additional analysis and are not a required part of the financial statements.

The Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 5, 2022 on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Plan's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Plan's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of the Retirement Plan for Employees of the Town of Surfside (the "Plan") provides an overview of the financial activities and funding conditions for the fiscal years ended September 30, 2021 and 2020. Please review this discussion and analysis in conjunction with the financial statements and the notes to the financial statements which follow this discussion.

OVERVIEW OF FINANCIAL STATEMENTS

Financial Statements

The Plan presents select comparative financial information as of and for the fiscal years ended September 30, 2021 and 2020. The financial statements are prepared using the accrual basis of accounting in accordance with the *Governmental Accounting Standards Board* ("GASB") pronouncements. The two financial statements are the statement of fiduciary net position and the statement of changes in fiduciary net position.

The statement of fiduciary net position presents information on all of the Plan's assets and liabilities with the difference between the two reported as net position restricted for pension benefits. This represents the value of net position held in trust to pay pension benefits. The Plan did not have any deferred outflows or inflows as of September 30, 2021 or 2020.

By contrast, the statement of changes in fiduciary net position presents information showing how the Plan's net position changed, on a comparative basis, with additions (revenues) and deductions (expenses) for the fiscal year.

Notes to Financial Statements

The notes to financial statements are an integral part of the financial statements and provide additional information and schedules that are essential for a full understanding of the Plan provided in the financial statements. Among other things, information in the notes discloses the method used to value investments, a general description of the Plan, contribution information and investment information.

Required Supplementary Information

Because of the long-term nature of a defined benefit plan, the Plan provides three required schedules of historical trends based on the actuarial valuations performed by the Plan's actuary, for contributions, and one analysis of investment returns by the Plan's investment consultant.

Other Supplementary Information

Other schedules provided are the schedules of administrative and investment expenses (supplementary information) incurred by the Plan.

FINANCIAL HIGHLIGHTS

The Plan's fiduciary net position restricted for pension benefits held in trust increased by \$7,031,747 from \$26,249,729 (fiscal year ended September 30, 2020), to \$33,281,476 for the fiscal year ended September 30, 2021, (an increase of 26.8% over the prior year) as a result of the current year's activities.

The contribution from the Town for the fiscal year ended September 30, 2021, increased by \$278,963 to \$1,420,078, an increase of approximately 24.4% based on the annual required contribution delineated in the October 1, 2019, actuarial valuation and additional contributions that the Town had budgeted at the beginning fiscal year 2021.

The Plan's investments had net investment income for the fiscal year ended September 30, 2021, of \$6,244,885 compared with the net investment income of \$1,267,297 for the fiscal year ended September 30, 2020, an increase of \$4,977,588 or 392.8%, due to continued positive market conditions during fiscal year 2021.

Benefit payments for the fiscal year ended September 30, 2021 were \$873,402, an increase of \$38,440 or 4.6 % from the fiscal year ended September 30, 2020.

FINANCIAL ANALYSIS

The total fund investment performance for the investments under management for the fiscal years ended 2021 and 2020 was 23.38% and 5.38%, respectively. The actuarial assumed investment rate of return was unchanged at 7.25%.

PLAN NET POSITION

The table below shows a comparative summary of Fiduciary Net Position:

		Increase (De	crease)	
	Septem	September 30,		
	2021	2020	Amount	Percent
Investments	\$ 33,270,700	\$ 26,183,783	\$ 7,086,917	27.1%

Net Position Restricted for Pension Benefits	\$ 33,281,476	\$ 26,249,729	\$ 7,031,747	26.8%

Plan investments increased as expected due to employee and Town contributions as well as overall market performance.

CHANGES IN PLAN NET POSITION

The table below shows a comparative summary of the changes in the fiduciary net position and reflects the activities of the Plan.

				Increase (De	crease)
				 2020 to 2	021
		2021	2020	Amount	Percent

				Increase (De	crease)
				 2020 to 2	.021
		2021	2020	Amount	Percent
Benefit payments	\$	873,402	\$ 834,962	\$ 38,440	4.6%
Refund of contributions		118,523	42,964	75,559	175.9%
Administrative expenses	_	131,277	 108,171	 23,106	21.4%
Total Deductions	\$	1.123.202	\$ 986,097	\$ 137,105	13.9%

The Plan incurred a positive return of the fair value of its investments in 2021 (23.38%), at a higher rate than 2020 (5.38%). This fluctuation created an increase in net investment income in 2021 as compared to 2020. Administrative expenses increased by 21.4% as expected due to the increase in management fees due to the increase in the portfolio returns when compared to prior year.

Refunds of contributions increased due to more employees terminating or leaving the retirement Plan during fiscal year 2021. The refunds of contributions are the employee's 8% contribution with the interest gained during the years of employment. Once these refunds are paid these employees are no longer eligible for any benefits from the Plan in the future.

PLAN MEMBERSHIP

The table below reflects the Plan membership as of the actuarial valuation dates noted below:

CHANGES IN PLAN MEMBERSHIP

	Octob	October 1,		
	2020	2019	Change	
Plan Membership				
Inactive plan members and beneficiaries currently receiving benefits	49	40	9	
Inactive plan members entitled but not yet receiving benefits	7	6	1	
Active plan members	91	99	(8)	
Total	147	145	2	

FUNDING PROGRESS

Of primary concern to most Plan participants is the amount of money available to pay benefits. Historically, defined benefit pension plans have been underfunded when the employer failed to make annual actuarially required contributions to the Plan. The Town has traditionally contributed the annual required contribution as determined by the Plan's Actuary, as required by state law.

INVESTMENT ACTIVITIES

Investment income is vital to the Plan's continued financial stability. Therefore, the Board of Trustees have a fiduciary responsibility to act prudently and discretely when making Plan investment decisions. To assist the Board in this area, a comprehensive formal Investment Policy is reviewed periodically. The last amendment to the Investment Policy was on March 27, 2021.

The Board reviews portfolio performance quarterly. Performance is evaluated and monitored by an independent investment consultant as to manager style, collectively by investment type, and for the aggregate portfolio. Investment types include domestic and international equities and fixed income obligations.

CONTACTING THE PLAN'S FINANCIAL MANAGEMENT

The financial report is designed to provide residents, taxpayers, Plan participants, and other interested parties with an overview of the Plan's finances and the prudent exercise of the Board's oversight. If you have any questions regarding this report or need additional financial information, please contact the Pension Plan Administrator, Mayte Gamiotea, 9293 Harding Avenue, Surfside, Florida 33154.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Retirement Plan for Employees of the Town of Surfside (the "Plan") are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body establishing governmental accounting and financial reporting principles. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

METHOD USED TO VALUE INVESTMENTS AND INVESTMENT INCOME RECOGNITION

Investments are reported at fair value with the exception of money market funds which are at amortized cost. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses. Realized gains and losses are determined on the basis of specific cost. Purchases and sales of securities are recorded on the trade-date basis. Interest and dividends are recorded as earned on the accrual basis. For more detail regarding the methods used to measure the fair value of investments refer to the fair value hierarchy in Note 3.

Within certain limitations as specified in the Plan, the investment policy is determined by the pension Board of Trustees (the "Board") and is implemented by its investment manager.

CONTRIBUTION REFUNDS

The defined benefit plan is contributory and employee contributions are one hundred percent refundable with interest at the rate of four percent per annum to terminated non-vested participants as well as vested former participants who elect to forfeit all rights to any benefits of the Plan.

NET POSITION RESTRICTED FOR PENSION BENEFITS

The net position restricted for pension benefits is the difference between the total plan assets and the total plan liabilities, and is held in trust for pension benefits.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PLAN EXPENSES

In accordance with the provisions of the Plan, investment and administrative expenses of the Plan may be paid either by the Town of Surfside, Florida (the "Town") or the Plan. The established policy is that the Plan pays all of the investment and administrative expenses of the Plan as well as the actuarial fees for annual actuarial valuations. It has been the Town's practice to pay the fees for any additional actuarial services provided.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – PLAN DESCRIPTION

PLAN DESCRIPTION

The Retirement Plan was established by a Town Ordinance approved by the Commissioners and effective January 1, 1962. The Plan is subject to certain provisions of Chapter 112, Florida Statutes. The benefit provisions, amendments thereto, and all other requirements are established by Town Ordinance. Participants should refer to the Plan document for more complete information.

The Retirement Plan is a contributory defined benefit single-employer pension plan covering substantially all employees of the Town of Surfside. To be eligible to participate in the Plan you must be a police officer or other employee and be a regular full-time employee whose customary employment is for 32 hours or more per week, and for six (6) months or more of the year. During 2011, the Town passed Ordinance 11-1580, which grants the right to Charter Officers to opt out of the Plan at any time. The administration of the Plan is under the responsibility of a five-member pension Board, which is subject to the ultimate authority of the Town Commission.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 2 – PLAN DESCRIPTION (CONTINUED)

PLAN DESCRIPTION (CONTINUED)

The Plan is administered by a pension Board comprised of:

- a. Two permanent residents of the Town appointed by Town Commission
- b. A elected representative of the police department
- c. A elected representative of the other employees of the Town
- d. The Town Manager (a permanent member of the Board)

Membership consisted of the following as of October 1, 2020, the date of the latest actuarial valuation:

Total Members	147
Active plan members	91
Inactive plan members entitled but not yet receiving benefits	7
Inactive plan members and beneficiaries currently receiving benefits	49

CONTRIBUTIONS AND FUNDING POLICY

Funding of the Plan is provided by contributions from the Town and the employees. The Town's funding policy provides for annual actuarially determined periodic contributions at rates that, for individual employees, increase gradually over time so that sufficient assets will be available to pay benefits when due.

Effective October 1, 2016, the employee contribution for general employees and senior management increased from 6% to 8%. The employee previously contributing 5% of their covered compensation is now required to contribute 7%. Police officers continue to contribute 8%.

BENEFITS PROVIDED

The Plan provides normal retirement, early retirement, delayed retirement, disability retirement, death benefits and termination benefits. The Plan considers creditable service and average final compensation as part of the benefit calculation.

Creditable Service

All service of a Plan member measured in years and completed months since latest date of hire with the Town.

The following was the Board's adopted asset allocation policy target allocation during the fiscal year ended September 30, 2021:

Asset Class	Target Allocation
Domestic Equity	42%
Convertibles	5
Infrastructure	5
International Equity	10
Private Real Estate & Credit	10
Fixed Income	25
Cash	3
Total	<u>100</u> %

Rate of Return

For the fiscal year ended September 30, 2021, the annual money-weighted rate of return on Plan investments, net of pension plan investment expense, was 23.38%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. Inputs to the dollar-weighted rate of return calculation are determined on a monthly basis.

DEFERRED RETIREMENT OPTION PROGRAM

Police Officers

The Town maintains a Deferred Retirement Option Program ("DROP") initially for police officers and communications operators only. The eligibility requirement is attainment of normal retirement date. The maximum period of participation in the DROP is five years. A police officer's account shall be credited with interest based upon the actual fund investment return. No payments may be made from the DROP until the employee actually separates from service with the Town. There are no police officers currently participating in the DROP program as of September 30, 2021.

NOTE 2 – PLAN DESCRIPTION (CONTINUED)

DEFERRED RETIREMENT OPTION PROGRAM (CONTINUED)

General Employees

Effective August 13, 2013, the Town Commission passed an Ordinance, which amended the Deferred Retirement Option Program to include all members of the Plan who reach the earliest normal retirement age whereby such member shall be eligible to participate in the DROP plan. The maximum period of participation in the DROP is sixty months. Nine (9) general employees are currently participating in the DROP as of September 30, 2021.

As of September 30, 2021, the combined balance in the DROP account was approximately \$350,000. These amounts are included in the total investment balance presented on the statement of fiduciary net position.

NOTE 3 – INVESTMENTS

The investment activity of the Plan is directed by an investment consultant. All investments made or held by the Plan shall be limited to the following, as per the Plan's investment policy:

- 1. Cash equivalents.
- 2. Obligations issued by the United States Government or obligations guaranteed as to principal and interest by the United States Government or by an agency of the United States Government.
- 3. Bonds issued by the State of Israel. Foreign equity investments shall not exceed 10% of the Plan assets.
- 4. Bonds or other evidences of indebtedness issued or guaranteed by a corporation organized under the laws of the United States or any state, organized territory of the United States, or District of Columbia provided the corporation is listed on the recognized national stock exchanges or on the National Market System of the NASDAQ stock market, the issuer has an investment quality rating within the top three rating classifications by at least two major services (Standard and Poor's, Moody's or Fitch). Up to 10% of the bond portfolio may be invested in the fourth rating classification (by two of the above rating services).

INTEREST RATE RISK

Interest rate risk refers to the portfolio's exposure to fair value losses arising from increasing interest rates. In accordance with its investment policy, the Plan manages its exposure to declines in the fair value of its securities through a conservative approach of managing portfolio exposure to duration, maturity and sector relative to market indices.

As of September 30, 2021, the Plan had the following investments and maturities subject to interest rate risk:

		Sector
Investment Type	Fair Value	Distribution
Corporate bonds	\$ 4,356,887	60.7%
U.S. treasury securities	211,801	3.0%
Mortgage backed securities	2,250,945	31.4%
Municipal obligations	356,084	5.0%
Total Fair Value	\$ 7,175,717	100.0%

Maturity Distribution		Credit Qua	Credit Quality Distribution				
	% of Fixed		% of Fixed				
Years	Income Securities	Rating	Income Securities				
0-1	0.7%	AAA	18.6%				
1-5	29.2%	AA	4.4%				
5-10	26.0%	A	10.8%				
10+	44.1%	BBB	18.8%				
	<u>100.0</u> %	Not Rated	47.4%				
			100.0%				

CUSTODIAL CREDIT RISK

Custodial credit risk is defined as the risk that the Plan may not recover cash and investments held by another party in the event of financial failure. Custodial credit risk is limited since investments are held in independent custodial safekeeping accounts in the name of the Plan.

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2021

NOTE 3 – INVESTMENTS (CONTINUED)

CREDIT RISK

State law limits investments in commercial paper to the two top ratings issued by nationally recognized statistical rating organizations (NRSROs). It is the Plan's policy to limit its investments in this investment type to the top two ratings issued by NRSROs. The Investment Policy of the Plan states it is permitted to invest in corporate bonds with an investment quality rating with the top three rating classifications by at least two major rating services (Standard & Poor's (S&P), Moody's or Fitch) and up to 10% of the bond portfolio may be invested in the 4th rating classification (by two of the noted rating services). The corporate bonds held by the Plan met the rating classifications and ranged from BBB to AAA under S&P and from BAA1 to A1 under Moody's. The mortgage backed securities were rated AA+ and Aaa by S&P and Moody's, respectively. U.S. Government Agency obligations or obligations guaranteed by an agency of the U.S. Government are not subject to credit risk.

CONCENTRATION OF CREDIT RISK

The Plan's investment policy does not allow for an investment in any one issuer, other than U.S. Government securities, that is in excess of five percent (5%) of the Plan's total investments. No investment in any one organization represents five percent (5%) or more of the fiduciary net position restricted for pension benefits.

RISKS AND UNCERTAINTIES

The Plan has investments in a combination of stocks, bonds, government securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect balances and the amounts reported in the statement of fiduciary net position and the statement of changes in fiduciary net position. The Plan, through its investment consultant, monitors the Plan's investments and the risks associated therewith on a regular basis, which the Plan believes minimizes these risks.

FAIR VALUE HIERARCHY

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

- Level 1 Investments' fair values based on prices quoted in active markets for identical assets.
- Level 2 Investments' fair values based on observable inputs for the assets either directly or indirectly, other than those considered Level 1 inputs, which may include quoted prices for identical assets in markets that are not considered to be active, and quoted prices of similar assets in active or inactive markets.
- Level 3 Investments' fair values based upon unobservable inputs.

The following is a description of the fair value techniques for the Plan's investments. Level 1 and 2 prices are obtained from various pricing sources by the Plan's custodian bank:

Equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. This includes domestic and foreign common stock, American depository receipts ("ADR"), and exchange traded funds ("ETF").

Debt securities classified in Level 2 of the fair value hierarchy are valued using pricing inputs that reflect the assumptions market participants would use to price an asset or liability and are developed based on market data obtained from sources independent of the reporting entity. This includes U.S. Treasury and corporate bonds, municipal bonds and mortgage backed securities.

NOTE 5 – NET PENSION LIABILITY OF THE TOWN

The components of the Town's net pension liability at September 30, 2021:

Total pension liability	\$ 35,158,091
Plan fiduciary net position	$(33,279,629)^{(1)}$
Net Pension Liability	\$ 1,878,462
Plan fiduciary net position as a percentage	
of the total pension liability	94.66%

⁽¹⁾ The Plan fiduciary net position above does not agree to the Plan fiduciary net position presented in the statement of fiduciary net position as of September 30, 2021. The difference of \$1,847 was caused by an adjustment that was made after the actuary finalized their report.

SIGNIFICANT ACTUARIAL ASSUMPTIONS

The total pension liability was determined by an actuarial valuation as of October 1, 2020 rolled forward to September 30, 2021 using the following actuarial assumptions applied to all measurement periods.

Inflation	2.50%
Investment rate of return	7.25%

For healthy general employees, PUB-2010 headcount weighted general employee with fully generational mortality improvements projected to each future decrement date with Scale MP-2018 – sex distinct. For healthy police officers, PUB-2010 headcount weighted safety employee with fully generational mortality improvements projected to each future decrement date with Scale MP-2018 – sex distinct., PUB For disabled general employees, PUB-2010 headcount weighted general disabled retiree mortality table – Sex distinct. For disabled police officers, 80% PUB-2010 headcount weighted general disabled retiree mortality table & 20% PUBC-2010 headcount weighted safety disabled retiree mortality table – sex distinct.

NOTE 5 – NET PENSION LIABILITY OF THE TOWN (CONTINUED)

LONG-TERM EXPECTED RATE OF RETURN

The long-term expected rate of return on Plan investments was determined based upon the historical average (means returns) which best-estimate ranges of expected future real rates of return. In order to determine the real rates of return, it is necessary to subtract the expected inflation rate from the nominal investment return and investment expenses. The long-term expected rate of return for the Plan was calculated by weighting the expected future rates of return of each asset class by the corresponding target allocation percentages.

Best estimates of real rates of return for each major asset class included in the Plan's target asset allocation as of September 30, 2021 is summarized in the following table:

	Long-Term
Asset Class	Expected of Return
Domestic Equity	10.50%
International Equity	6.40%
Fixed Income	5.50%
Real Estate	9.20%
Cash	2.50%

DISCOUNT RATE

The discount rate for September 30, 2021 used to measure the total pension liability was 7.25%. This discount rate was based on the expected rate of return on Plan investment. The projection of cash flow used to determine this discount rate assumed that Plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability of the Town.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Pension Board and the Plan Administrator Retirement Plan for Employees of the Town of Surfside

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Retirement Plan for Employees of the Town of Surfside (the "Plan"), as of and for the fiscal year ended September 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated May 5, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Plan's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Plan's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Plan's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
