Learn About Therapy Dogs

 Provided by Miami-Dade Fire Rescue 

Join the Parks and Recreation Department along with the assistance of the Surfside Police Department as we introduce the Miami-Dade Fire Rescue Response K9 Team.

The Response K9 program was started three years ago and involves greyhounds along with other adopted dogs. These dogs help first responders deal with occupational stress, and victims in crisis situations. The team will also explain the purpose and benefits of therapy and service dogs to not only first responders but everyday civilians like yourself.

The team will showcase live rescue dogs during this virtual event.

Thursday, September 24, 2020

 5:30 - 6:30 pm 

This virtual event will take place through Zoom
