

Persistent Police Work Leads to Arrest of Bike Thief

The Surfside Police Department often reminds residents and visitors to never leave a bicycle unlocked, even for a few minutes. Recently, an unlocked bicycle valued at \$1,000 was stolen from the rear entrance of CVS Pharmacy. Surfside Detective Diana Dulaney reviewed surveillance video and found an image of a man stealing the bicycle. Her research found that a man previously arrested for theft looked very similar to the man taking the bicycle. Officer Hernandez who previously arrested the subject and positively identified him. Detectives Dulaney and Gambirazio went to his last known address and he was arrested and charged with grand theft.

Detective Dulaney is commended for her tireless tenacity in arresting this subject and overall conducting a very thorough investigation. Congratulations as the recipient of Officer of the Month.

OFFICER VALINO RECEIVES 15 YEAR PIN

In June of 2019, Officer Jose Valino was presented with a 15 year service pin and honored for his dedicated and professional service to the Surfside community as a member of the Police Department.

Learning and Enjoying at the Police Teen Summer Camp

The attendees of the Police Teen Summer Camp enjoyed extraordinary presentations in June including K-9 from Miami Beach and Sunny Isles Beach Police Departments, SWAT and U.S. Customs and Border Protection Marine Interdiction. A special thanks goes to the instructors who assisted with the Teen Camp.

K-9 presentation by Miami Beach Police Sergeant Jaime Rojas

Surfside Police Sergeant Julio Torres

Sunny Isles Beach Officer Raul Diaz

SURFSIDE OFFICERS SHARPEN THEIR SKILLS AT TRAINING SESSION

Surfside Police Lieutenant Tony Marciante and Sergeant Julio Torres applied their SWAT training and experience to lead full day training exercises to sharpen skills and maintain the highest standards. Each officer participated in multiple drills at the shooting range and performed realistic scenario-based simulator training reinforcing good judgement and decision making under stress.
