What is a Business Improvement District (BID)?

- A formal organization of property owners within a commercial district to assess properties in order to fund programs for district-wide benefit.
- BID programs are developed to meet the unique needs of the district.
BID Advantages

• Unified Strategy for Improvement
• Increase Activity – Local Market and Tourism
• Increase Retail & Restaurant Sales!
• Business Retention/Recruitment – Shops/Restaurants
• Increase in Rents and Property Values
• Support Property Values in Surrounding Residential Areas
• Increase Local Government Revenues
BIDs v. Merchant Associations

While property owners and tenants could participate in a voluntary merchants association, the BID model presents two distinct advantages:

<table>
<thead>
<tr>
<th>Business Improvement Districts</th>
<th>Merchant Association</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provides a steady and reliable source of funding</td>
<td>Does not offer a continuous source of funding because it depends on voluntary contributions</td>
</tr>
<tr>
<td>Legislation states that all property owners in a BID must pay assessment; there are no free riders.</td>
<td>Cannot enforce the financial participation of all stakeholders in a given district</td>
</tr>
</tbody>
</table>
Organizing the BID Plan

- Build ownership and consensus amongst commercial property and business owners regarding improvements, programs, services, and management of the BID.
- Establish the geographical boundaries of the BID.
- Establish a proposed budget and determine the formula for property assessments.
- Present the district plan to the public.
- Prepare property owners and the merchants for formal establishment of the BID pursuant to Florida Statutes.

Strengths & Weaknesses

– Strengths:
  • Location, location, location
  • Amazing beaches
  • Quaint, small town feel
  • Exciting new hotel product coming on line

– Weaknesses:
  • No brand recognition in the travel & tourism industry
  • Downtown business mix does not offer what the visitor wants
  • Restaurant mix, little-known retail brands
  • Non-participation of downtown businesses
Tourism Opportunities

• Primary product is the hotels, both the existing hotels and the new ones coming on line.

• “What to do”, which is the beach.

• Shopping and dining are the number one and two activities of the traveler. This can result in a healthier Downtown and an increase in resort tax from restaurant food and beverage sales.

• Opportunity to create a new brand that will resonate with today’s traveler, both those already coming to South Florida and those who will be experiencing the area for the first time!
