MEMORANDUM

To: Honorable Mayor, Vice-Mayor and Members of the Town Commission

From: Guillermo Olmedillo, Town Manager

Date: October 9, 2018

Subject: Recommendations on the Beach Furniture Ordinance

On October 13, 2016, the Town Commission adopted Ordinance 16-1658 which amended Chapters 70 and 86 of the Town Code of Ordinance. The new Ordinance created beach furniture operation permit fees (under Chapter 70), definitions, permit requirements, insurance requirements and penalties. Accompanying the Ordinance was an Administrative Policy that regulated the use of beach furniture and equipment.

On June 13, 2017, the Town Commission amended Ordinance 16-1658 under a new Ordinance 17-1662. The new Ordinance expanded upon and clarified the previous beach furniture rules and regulations. In addition, the Administrative Policy was revised.

On September 25, 2017, the Town Manager amended, restated and distributed a revised Beach Furniture and Equipment Administrative Policy, to become effective on October 2, 2017.

On April 24, 2018, a Town Hall Meeting was held for beach stakeholders to discuss the existing Beach Furniture Ordinance and its associated Administrative Policy. The Town Manager presented the meeting comments to the Town Commission.

On May 1, 2018, the Town Commission held a Special Meeting to discuss the recommendations that arose from the April 24, 2018 Town Hall Meeting. Vice Mayor Gielchinsky made a motion to instruct the Town Administration to prepare an ordinance revision.
On July 24, 2018, the Town Commission discussed and voted on a revision to the Beach Furniture Ordinance. The revised ordinance failed by a 2-2 vote, leaving regulation back to the current ordinance.

At the August 14, 2018 Town Commission meeting, the revised Beach Furniture Ordinance matter was discussed under Staff Communications. The Town Administration was directed to bring back this item *de novo* with appropriate revisions that focused on public health, safety and welfare, and some items that were outside of the ordinance to be moved to the individual beach furniture operator operational plans.

The current Beach Furniture Ordinance revision adopts the various issues that were directed to the Town Administration. In addition, the revised Ordinance simplifies the regulations by addressing only those issues that are directly related to public health, safety and welfare. The individual beach furniture operator operational plans will be broadened (see attachment).

The salary costs of enforcing this Ordinance have already been incorporated into the current fiscal year budget under account 001-2000-524-1210. One of the full-time Code Compliance Officer has been assigned the primary responsibility of patrolling the beach every two hours throughout the day.

The Code Compliance Division already has sufficient staffing to enforce this Ordinance. No additional personnel will be needed at this time.

In an effort to address health, life safety and welfare issues, the Town Administration recommends that the Commission adopt this ordinance revision in order to move forward with responsible beach furniture and equipment compliance.

Section 2. Town Code Amended. The Code of the Town of Surfside, Florida, Article
II. - “Public Beaches,” of Chapter 86 – “Waterways”, Sections 86-26 (Definitions), and 86-30 to
86-33 is hereby amended as follows:

Chapter 86 - WATERWAYS

ARTICLE II. - PUBLIC BEACHES

DIVISION 1. - GENERALLY

Sec. 86-26. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings
ascribed to them in this section, except where the context clearly indicates a different meaning:

Beach furniture includes, but is not limited to, any chair, umbrella, tent or any other object
that is used on the beach.

Beach furniture operations permit is a permit issued to a beach furniture operator by the town
manager and/or designee.

Beach furniture operations plan is the annual plan required to be submitted by a beach
furniture operator to the town for review and approval, which shall include operational
specifications or conditions as may be required by the town manager and/or designee, in his or her
discretion, for the health, safety and welfare of the town and its residents, property owners, and
guests utilizing the public beach.

Beach furniture operator is a hotel or condominium association located within the Town
limits that provides beach furniture setup, storage and/or other beach furniture services to residents
and guests or a hotel located on the west side of Collins Avenue so approved by the town
commission pursuant to section 86-31(2)b. of the Town Code.

Beach furniture setup is the organized preplacement of beach furniture by a beach furniture
operator in anticipation of use by an individual beach furniture user.

Beach furniture storage is the overnight placement or storage of beach furniture on the public
beach.

Beach furniture user is an individual using any item of beach furniture while on the public
beach. This applies to the general public, condominium residents and hotel guests.

Exclusion zone means all waters within the center line of 96th Street on the north and
southward to the northerly line of 87th Terrace, including all improvements, recreational areas and
property therein measured from the mean low water line; and that portion of the water area of the
Atlantic Ocean, marked by regulatory markers, extended up to a maximum of 300 feet off shore
from the mean high water line lying between the center line of 96th Street to the northerly line of
87th Terrace, as described on Exhibit A. As the markers will move about their anchor location
with the tides and currents, enforcement of the exclusion zone shall extend to the area defined by
the markers at the water surface at the time of infraction. Exhibit A is not included herein but is
available for public inspection at town offices.

_Idle speed/no wake_ means a motorboat speed not greater than that necessary to maintain
steerageway. A motorboat that is operating on a plane is not proceeding at idle speed/no wake.

_Motorboat_ means any vessel, including personal watercraft, that is propelled or powered by
machinery and that is used or capable of being used as a means of transportation on water.

_Operate_ means to be in charge of, or in command of or in actual physical control of a
motorboat in the exclusion zone.

_Personal watercraft_ means a small class A-1 or A-2 vessel that uses an outboard motor or an
inboard motor powering a water jet pump as its primary source of motive power and that is
designed to be operated by a person sitting, standing, or kneeling on or being towed behind the
vessel, rather than in the conventional manner of sitting or standing inside the vessel.

_Public beach_ means land that is seaward of the erosion control line. It shall also include all
easements and rights-of-way within the area that are utilized for public beach purposes.

_Regulatory marker_ means any anchored or fixed marker in, on or over the water, or anchored
platform on the surface of the water, and includes, but is not limited to, a bathing beach marker,
speed zone marker, information marker, congested area marker or warning marker.

_Vessel_ is synonymous with boat as referenced in Section 1(b), Article VII of the Florida
Constitution and includes every description of watercraft, barge and airboat, other than a seaplane
on the water, used or capable of being used as a means of transportation on water.

Sec. 86-27. - Intent of article.

It is the intent of the town commission to prohibit those activities by persons on the public
beach of the town that adversely affect the attractiveness of the public beach or endanger citizens,
residents and visitors who use its facilities. The town commission further finds and determines that
motorboats that operate in the exclusion zone at excessive speeds or in a reckless and unsafe
manner create a situation dangerous to the lives and property of persons using said waters within
the exclusion zone; that excessive motorboat speed erodes shoreline property and destroys
bulkheads, seawalls, docks and piers; and that said excessive speed or the operation of motorboats
in a reckless and unsafe manner reduces other available recreational uses for said waters. The town
commission further finds and determines that because different size motorboats create different
problems when they operate at the same speed, a flexible regulatory scheme is required.

Sec. 86-28. - Prohibitions—Motorboat restricted zones.

(a) It shall be unlawful for any person to operate a motorboat within the exclusion zone in violation
of the rules, regulations and standards established by the town commission under the authority
and power granted in section 86-29.

(b) No person shall operate a motorboat or personal watercraft, or permit, allow or suffer a
motorboat or personal watercraft to be operated in the exclusion zone or be allowed to moor
or tie-up to any regulatory marker within the exclusion zone. The town commission may
establish idle speed/no wake zones ("zones") to allow motorboat or personal watercraft to
landfall through these zones. These zones will be clearly marked throughout the exclusion
zone. Emergency vessels, motorboats or personal watercraft used solely for the purpose of
effecting an emergency/sea rescue or for the purpose of ensuring compliance with federal,
state or local laws are excluded from the applicability of these regulations. A map reflecting
the boundaries of the exclusion zone shall be available at the town clerk's office for reference
by the public. After the effective date of these regulations, the areas located seaward of the
public beaches within the beach areas of the exclusion zone shall be known as restricted swim
areas and shall be governed by the provisions of this ordinance. The exclusion zone shall be
marked on the water with uniform regulatory markers in accordance with applicable state and
federal laws and regulations.

c) The provisions of these regulations shall be enforced by the town police department and other
local, state and federal authorities having jurisdiction over the water located within the
exclusion zone.

d) The regulation of motorboat or personal watercraft use in the exclusion zone as herein
described has been established by the town commission under the authority and power granted
in section 86-29, and in F.S. §§ 327.46 and 327.60. The effectiveness of this section shall be
subject to approval by the Florida Fish and Wildlife Commission of the exclusion zone
pursuant to said statutes.

Sec. 86-29. - Power and authority of town commission.

(a) The town commission shall have the power and authority to establish and enforce exclusion
zones and to establish and enforce rules, regulations and standards designed to reduce the
speed of motorboats and eliminate the operation of motorboats in a reckless or unsafe manner
in any waters lying within the boundaries of the town, in accordance with the legislative intent
of section 86-27.

(b) Rules, regulations and standards established by the town commission pursuant to the mandate
of this section shall become effective upon adoption by the town commission.

Sec. 86-30. - Limitations and Restrictions on beach furniture.

Beach furniture shall not inhibit access to the public beach, nor obstruct reasonable access on
the beach for pedestrians and emergency vehicles, nor impact native vegetation, nor affect sea
turtles or other wildlife. In addition to the foregoing limitations, any beach furniture placed or
stored on the public beach must comply with the following regulations and restrictions:

(a) Beach furniture shall not be placed or stored behind or in front of a lifeguard tower or
within 12 feet of the perimeter of a lifeguard tower, or obstruct lifeguard or emergency
personnel’s view or access of the public beach or ocean;

(b) Beach furniture shall not be placed or stored at or within 12 feet (6 feet from the center
line in both directions) of street ends or public access areas or points along the public
beach throughout the Town, or in the 12 foot area immediately adjacent to or directly
seaward of the street ends to ensure clear and unobstructed access by emergency and
maintenance vehicles and personnel;
(c) All beach furniture shall be placed or stored no less than 12 feet seaward of the edge of the vegetation line of the dune to ensure clear and unobstructed access by emergency and maintenance vehicles and personnel ("12-foot safety corridor");

(d) In the event of a declared state of emergency, storm warning or severe weather event, all beach furniture placed or stored on the public beach shall be removed from the public beach within three (3) hours of the declared state of emergency, storm warning or severe weather event, and beach furniture shall not be set-up or placed back on the beach until such time as the town cleans and/or rakes the beach after the emergency, storm or severe weather event, and advises that beach furniture may be placed on the beach. The town manager or designee may issue a warning to a beach furniture operator or beach furniture user to remove and secure the beach furniture. If the beach furniture operator or beach furniture user fails to remove the beach furniture, the town manager or designee, at its option, may remove the beach furniture from the public beach. The beach furniture operator or beach furniture user shall be liable for all costs incurred by the town for the removal and/or storage of the beach furniture in the event of an emergency, storm or severe weather event;

(e) No storage boxes or similar structures shall be permitted on the public beach;

(f) Any overnight storage of beach chairs on the public beach shall be mounted on a box-type or framed structure to prevent sea turtles from crawling underneath the beach chairs, and secured;

(g) Any other limitations, restrictions or conditions as may be required by the town manager and/or designee to be included in a beach furniture operations permit; and

(h) Any request from a code enforcement officer, police or law enforcement personnel or lifeguard to relocate beach furniture, regardless of whether a beach furniture operations permit has been issued, shall be complied with immediately.

Sec. 86-31. - Beach furniture operations permit requirements.

A beach furniture operator, as defined in this article, must obtain a beach furniture operations permit with an approved beach furniture operations plan for beach furniture setup and beach furniture storage on the public beach within the town. The Town manager or designee shall establish an administrative policy: beach furniture and equipment for the placement of beach furniture on the public beach for public safety, access and maintenance. All placement and storage of beach furniture on the beach shall be in compliance with this Article, and all conditions and requirements of the beach furniture operations permit. In addition to obtaining a beach furniture operations permit pursuant to this section, hotel-beach furniture operator must procure a local business tax receipt and comply with the regulations of section 70-41 of the Town of Surfside Code and all required licenses or permits from Miami-Dade County, the State of Florida and federal entities.
