   90-54.5 OF THE TOWN OF SURFSIDE CODE OF ORDNANCES; TO CONNECT A DETACHED GARAGE
   TO THE HOME TO ALLOW THE EXISTING SINGLE FAMILY HOME TO CONVERT THE GARAGE TO
   ADDITIONAL LIVING SPACE; PROVIDING FOR RECOMMENDATION OF APPROVAL; PROVIDING FOR
   AN EFFECTIVE DATE.

   Chair Lecor spoke about the process and confirmed that compliance with advertising notice requirements have been met.

   Town Attorney Miller asked if anyone had ex-parte communications with the Applicant or any objector. All members of the Board said they had no ex-parte communications with the applicant.

   Recording Clerk Frantza Duval swore in everyone wishing to speak in favor or against the item.

   Recording Clerk Frantza Duval read the title of the Ordinance.

5. ORDINANCES:

A. Sight Triangle Ordinance –

AN ORDINANCE OF THE TOWN COMMISSION OF THE TOWN OF SURFSIDE, FLORIDA AMENDING CHAPTER 90 "ZONING" AMENDING CODE SECTION 90-52 “REQUIRED CLEARANCES” AND STRIKING CODE SECTION 90-92 “SIGHT TRIANGLES AND CLEARANCES”; PROVIDING FOR INCLUSION IN THE CODE; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HEREWITII; AND PROVIDING FOR AN EFFECTIVE DATE.

Recording Clerk Frantzia Duval read the title of the Ordinance. Code Compliance Director Joseph Damien presented the item.

The Board discussed the problems of hedges and Commissioner Glyn said although he is against the cutting down of hedges which in some cases are very beautiful, he fears that the town can be sued if there was an incident because there was an obstruction of visibility due to tall hedges. Vice Chair Kligman was in agreement with Commissioner Glyn. Director Damien said he was comfortable with the ordinance and gave more details on the issue. Town Attorney Miller said they worked very closely on the language of the ordinance and the Town Commission has approved the first reading. There was much discussion regarding the placement of some stop signs and where the stop line bar should be. Attorney Miller was able to address questions from the Board.

Board Member Rubenstein made a motion to recommend to the Town Commission. The motion received a second from Board Member Castellanos and all voted in favor.

6. DISCUSSION ITEMS:

A. Lot Coverage - Town Planner Sarah Sinatra presented the item and explained this was discussed at the last meeting and at the Commission Meeting. Planner Sinatra had a power point presentation to give further details on the subject. Vice Chair Kligman would rather not change the code but have an applicant apply for a variance. Board Member Rubenstein thinks
the size of a family should not have anything to do with increasing the size of 
an existing home as that is an individual decision. Board Member Glynn said 
he felt spreading out the first level was better. Adding a second floor addition 
would result in a neighbor having less light and air.

Planner Sinatra will prepare additional language to limitation of the size of 
homes on smaller lots and present it to the Town Commission in a first 
reading ordinance format. It will then be brought back to Planning and 
Zoning

Commissioner Cohen left the meeting at 8:55 p.m.

B. Future Agenda Items -
Chair Lecour would like to review in more detail the building or expansion of 
homes as to what is aesthetically right for the town.

Board Member suggests we ask architects to raise their buildings one foot and 
the town would give them an additional foot in height. Planner Sinatra will 
do some research on this item.

Chair Lecour would like to see more specifics regarding retail illumination.

The next meeting of the Planning and Zoning Board will be Wednesday, 
December 3, 2014.

7. PERMITS ISSUED AND REVENUE REPORT FOR SEPTEMBER 2014.

Agenda Date: December 3, 2014

Subject: 10% windows for each story

From: Sarah Sinatra Gould, AICP, Town Planner

Background: The Town’s zoning code provides a requirement for 10% windows per façade of a single family home. This requirement is per elevation, not per story. The Planning and Zoning Board requested a modification to implement this modification per story rather than per elevation only.

Analysis:

Sec. 90-50. Architecture and roof decks.

9-50.1 Architecture.

(1) The architectural design of proposed main buildings shall create a unique elevation compared to the main buildings of the adjacent two homes on each side of the subject property on the same side of street. If the adjacent lot is vacant then the next adjacent lot shall be utilized. A unique elevation shall be created through the modulation of at least three of the following architectural features:
   a. Length, width and massing of the structure;
   b. Number of stories;
   c. Facade materials;
   d. Porches and other similar articulation of the front facade;
   e. Number and location of doors and windows; and
   f. Roof style and pitch.

(2) All elevations for new structures and multi-story additions (additions greater than 15 feet in height) shall provide for a minimum of ten-percent wall
openings including windows, doors or transitional spaces defined by porches, porticoes or colonnades—per story.

**Staff Recommendation:** The Town Commission approved this item on first reading. Staff recommends the Planning and Zoning Board recommend approval to the Town Commission.

Subject: Single Family District Paint Colors

From: Sarah Sinatra Gould, AICP, Town Planner

Background: At the November 21, 2013 Planning and Zoning Board meeting, there was a discussion regarding modification to the code relating to paint color requirements in the single family district. The Board further discussed this topic at the April 28, 2014 meeting.

Analysis: There are currently no requirements relating to paint color restrictions in the code. The board directed staff to limit the permitted colors for a single family residence to the four lightest colors on a color swatch. If approved, the Building Department will maintain a color swatch in Town Hall. Applicants may present colors, of whatever manufacturer of their choosing, and match them to the color swatch in the Building Department. The Building Department staff will match up the proposed color with the color swatch and keep a copy of the color swatch on file. If there is a case of uncertainty, the Town Manager or his designee will determine if the color is permitted.

The following language is suggested:

Sec. 90-50. Architecture and roof decks.

9-50.1 Architecture.

(8) Paint colors. Structures in the H30A and H30B zoning districts shall be permitted to be painted the four lightest colors for the structure’s primary color on the color swatch on file in the Building Department. All other colors may be accent colors. A paint permit shall be submitted to the Building Department and the approved paint swatch shall be kept on file with the permit. The Design Review Board shall make a determination in cases of uncertainty.
**Staff Recommendation:** The Town Commission approved this item on first reading with a modification to allow the Design Review Board to rule in cases of uncertainty. Staff recommends the Planning and Zoning Board recommend approval to the Town Commission.

Planning and Zoning Board
Communication

Agenda Date: December 3, 2014
Subject: Residential Sheds
From: Sarah Sinatra Gould, AICP, Town Planner

Background: The zoning code limits sheds to 70 square feet and requires Planning and Zoning Board approval. Staff was approached in June of 2013 by a resident wanting a shed larger than the code limited square footage. Staff prepared a memo and potential code change to increase the size of a shed to 100 square feet and allow sheds to be approved administratively, if they were not located on a street side of the lot.

The Planning and Zoning Board discussed this proposal and agreed that the Board was not interested in sheds larger than 70 square feet, and even discussed requiring shorter sheds, while accommodating the same cubic area as the 70 square foot permitted sheds. Staff attempted to research these types of sheds, but they were not the standard shed and the code modification was not pursued.

Staff has been approached by a different resident requesting a shed larger than 70 square feet and has asked for this topic to be placed on the agenda for the Board’s discussion.

Below is the previous language that Staff prepared when this topic was originally discussed in 2013:

90-19.7 The following shall be exempt from design review board review; however, the design guidelines shall be followed:

***

(7) Sheds, except on the street side of a corner lot
90-54.7 A tool shed, the area of which does not exceed 70 100 square feet, shall be permitted in a rear yard, subject to the following minimum setbacks:

(a) Rear: Five feet.

(b) Side and secondary frontage (corner): Per zoning designation.
