Message from the Town Manager

Seems like every month my message says "what a month this has been." Once again this is true for August. Let's start with our near miss with Tropical Storm Isaac. In three days we experienced more than 12 inches of rain with one band that dropped three inches in two hours. The partially completed new storm drainage system performed wonderfully. Within a few hours the ponding was gone. When the system is completed, the water will be removed very quickly and will be much cleaner if very heavy rains require pumping into the Bay. More importantly, your Town Emergency Team led by Chief David Allen responded in a magnificent manner. From preparation for the storm to clean-up the Police, Public Works, Park and Recreation, Solid Waste and Code Compliance staff all did a terrific job. They were there when we needed them often putting their own family protection second to the Town needs.

Our various capital projects are moving along. The water/sewer/storm drainage project is more than 68 percent complete. The contractor Ric Man worked 12 hour days to complete Byron Avenue between 95th and 96th Streets before school opened. Miami Dade County adjusted the traffic signals to allow 10 seconds more time for cars to proceed to 96th Street. During the first week of school these changes corrected a frustrating traffic situation. Again, congrats to our Public Works and Police Departments for getting this done. The repaving of Collins and Harding Avenues is also moving along with the second course of asphalt scheduled for completion by the end of September 2012. Once this is done, the new stamped asphalt crosswalks, signage, bike path, striping and remaining sidewalk repairs will be completed with the whole job being past us by the end of the year. Thanks for your patience with this very difficult and frustrating traffic management situation.

The Town Commission also held its second FY 12/13 Budget Special Meeting. The FY 10/11 Budget set the millage rate at 5.6030 mills or \$5.60 per thousand of non- exempt valuation. The FY 11/12 Budget reduced the millage rate to 5.5000 and the Proposed FY 12/13 Budget further reduced the millage rate to 5.4000. The Town Commission reviewed the proposed rate and determined to lower it more to 5.3000 requiring a combination of non-property tax revenue adjustments and expenditure reductions of slightly more than \$120,000. In two years, the millage rate has been reduced by 5.9 percent. The impact in real dollars depends on many factors including your assessment and exemptions. Remember that this year's Notice of Proposed Property Taxes includes the solid waste and recycling fees.

Tales of the Surfside Turtles – Artist Profile

Marcie Ziv was born in Providence, Rhode Island and raised in eastern Massachusetts. Since her childhood days Marcie has developed a keen color sense and a love for life and nature. "My themes are universal, capable of touching everyone," she said.

Upon entering Syracuse University's film program, Marcie changed her major to sculpture in the Fine Arts Program and began experimenting with welding, foundry and bronze pourings, plastics and wood. Although a self taught painter, Marcie Ziv is gifted with an intricate creative capacity that allows her artistic expression through various methods and has secured a place for herself in the modern and post modern fine arts. "Working freely and spontaneously I try to create joyous works that celebrate the diversity of life. I enjoy bringing color, humor and fantasy to life. My work gives me hope, enthusiasm, structure. My work is my diary."

Marcie has worked on several Prince Media Development public art projects and is very proud to be participating in the Tales of the Surfside Turtles. She exhibits in galleries internationally and in the U.S., as well as in her own studio in Coconut Grove, Florida. Her website is www.zivart.com

JGP Bank Redesigns Building Exterior

JGP Bank, located at the corner of Harding and 96th Street, has remodeled the exterior of the building with a modern design that evokes the movement of waves.

The upgrade, at the northern boundary of Surfside, is part of several new facades under construction in downtown.

Landscaping Transforms Parking Lots

The parking lot across from Town Hall at Harding Avenue and 93rd Street has undergone a complete facelift with a dozens of new trees and a variety of colorful shrubs. Planted areas also received ground-covering and decorative stones, while the lot was resurfaced and restriped.

Message from the Town Manager - continued from page 1

We also held our third election this year. The League of Women Voters provided a very informative televised Candidate Forum which provided an opportunity for candidates Meredith Beattie, Joe Graubart and Eli Tourgeman to introduce themselves and express their views on a variety of Town issues. The moderator, Judge David Young, did a great job of keeping all the responses on point. Congratulations to Joe Graubart for his victory and thank you to Eli and Meredith for their

willingness to stand for the Commission seat.

On a personal note, my wonderful wife Beth enjoyed her retirement party after 35 years of dedicated service to Miami Dade County. How proud and appreciative I am of her and how lucky I am to have her as a wife and best friend. Please enjoy your Labor Day weekend and be careful. As always, thanks for the opportunity to manage this extraordinary community.

Turtles Hatch on Surfside Beach

On August 6, 2012 a leatherback sea turtle nest hatched in Surfside and 49 baby leatherbacks made their way into the ocean under the safety of darkness. There were a total of fifty nine eggs in the nest. Two straggling turtles were found alive in the nest in the morning and were taken to officials from the Miami Dade Sea Turtle Program. They were monitored and were released after regaining their strength. There have been approximately 16 nests in Surfside this season, and this was the only leatherback nest. The rare and endangered leatherback is the largest turtle on earth. Turtle season continues until October 31.

Surfside Resident is the King of Latin Soft Drinks

Cawy Lemon Lime, Jupiña, Materva, Malta ... most South Florida residents are familiar with the family of these and other Miami-made fruit-flavored soft drinks under the Cawy brand. But few know the Surfside businessman whose 70-year legacy of hard work was responsible for bringing the popular drinks to the U.S.

Frank in his youth

Frank Garcia, a Surfside resident for nearly 30 years, celebrates his 90th birthday this month. Frank Garcia and his partners founded the Cawy Bottling Company in 1967 in Miami, reviving and expanding a nostalgic brand that was originally founded in 1948

Cuba. The Cuba-based soft drink company was seized by the Castro government in the early 1960s and ceased operation. Frank, who immigrated to the U.S. in 1953, partnered with Celestino Villaba and Vincente Cossio to register the soft drink brands and invest in creating the Cawy bottling plant. Cossio had the original formula for the Materva drink from Cuba.

"We started the company knowing many people in South Florida would remember these soft drinks from Cuba," Frank said. "We were the only ones who made these fruit flavors and the business grew."

Today, after 45 years, Cawy remains a successful family-owned business. It is still located in its original Allapatah neighborhood, providing jobs and a unique group of products popular both in our region and internationally.

Frank was born in 1922 in the small town of Nazareno, Cuba. With the premature death of his father, Frank was raised by his uncle, Porfirio, and his family. A natural-born entrepreneur and hard worker, he showed promise at an early age. He came to the U.S. to attend college and learn English at the University of Alabama. He stayed to pursue business opportunities. He settled in Hoboken, New Jersey, purchasing

Frank on the balcony of his Surfside home.

a laundry and a bodega. Here, he met his business partner and life-long friend Celestino Villaba. Before coming to Miami, they built Villaba & Garcia, a successful grocery distribution company serving four states in the Northeast.

Once the partners established the Cawy Bottling Company, the families moved to Miami. Frank has been married to his wife, Edith, for 56 years. They raised three boys: the late Frankie, John and Alex. Frank also has a daughter, Silvia, from his first marriage.

Frank and Edith have lived in Surfside for nearly 30 years. "Surfside is the greatest place in the world!" Frank said. "We have the best view." With a large group of grandchildren, their Marbella Condominium home is family central for holidays and gatherings.

Surrounded by grandchildren, Frank celebrates a previous birthday.

Surf Instructor and Miami-Dade firefighter Walter Javier led the surfing lessons assisted by volunteer surfers. The camp was aided by generous sponsors, including Quiksilver/Roxy, F1RST Surf Shop and Serendipity Yogurt Cafe. The Surf Camp was an exciting end to summer camp of social skills and sports/adventure for children with special needs, specifically Autism Spectrum Disorders. The fun week ended

with a graduation ceremony, including photos of the surfers and a medal presentation.

PODIATRIST IN SURFSIDE

Dr. Gary Curson, DPM and his staff would like to welcome you to our website and our practice. We have foot clinic in Surfside and our mission is to provide the highest quality medical and surgical care to our South Florida community. We offer a warm, inviting environment with staff that has been with the doctor for over 22 years. Our office provides an operatory with the most up to date surgical equipment. There is ample parking and easy access into both ground floor offices.

We have created a website to provide our patients with a means to research and educate themselves on various topics related to the foot and ankle conditions we treat on a daily basis. If you would like more information about a specific foot condition and the treatment options we offer, call our office anytime.

As a Surfside podiatrist, Dr. Curson specializes in medical and surgical care of the foot and ankle. With convenient office hours and our acceptance of most insurance plans, we are able to treat patients from the areas surrounding Miami Shores, Surfside, Miami Beach, Bay Harbour & Bal Harbour. Some of the most common conditions we successfully treat everyday are bunions, heel pain, hammer toes, ankle injuries and ingrown nails.

So, if you are looking for a foot doctor in Surfside, we invite you to call our offices and schedule an appointment. We look forward to helping keep you on your feet with professional foot and ankle treatment.
