## MESSAGE FROM THE TOWN MANAGER

### After 100 Days, Looking Ahead

Since becoming Town Manager of Surfside in January of this year, I have learned much about the Town, its staff, residents and businesses. Below are some of the major challenges that I see facing our Town :

- Define our “Vision” five and ten years into the future at all levels. This will help guide us as we make decisions today.
- Balance current and future development to insure the benefits outweigh the impact on residents and the small-town feel of Surfside.
- Insure that the quality and quantity of Town services and infrastructure keep pace with development and resident needs.
- Restructure and expand our administration, making it more efficient and effective, utilizing the latest technology.
- Improve and better manage the traffic and parking throughout the Town.
- Focus on beach maintenance. Re-nourishment is the only method to save our most valuable asset as we face increasing erosion in years ahead.
- Establish a “Neighborhood Appearance and Maintenance Code.”

In recent years, Surfside has been “discovered.” We have to prepare for changes and protect our interests. This means we must work together for the benefit of the entire community. We can have different opinions but we don’t have to be divisive. I look forward to working with residents, businesses, elected officials and sister agencies to steer our Town towards integrated and comprehensive improvement.

*- Guillermo Olmedillo, Town Manager*

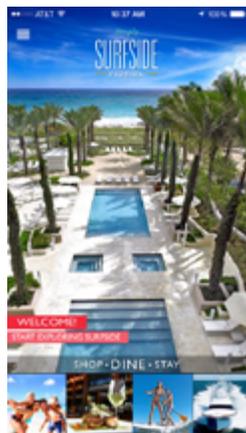

### Campers Help Parks & Recreation Win Photo Contest

Surfside’s summer camp participants went all out to help the Parks & Recreation Department win a photo contest sponsored by the Florida Recreation and Parks Association (FRPA). The above photo, which features nearly 100 summer campers holding letters to spell a message, was submitted to Facebook through FRPA’s *It Starts in Parks* page. Surfside came in first place with the most “LIKES” by encouraging friends, family and the community to LIKE the picture. Parks & Recreation received \$100 and the photo will appear on the front cover of the FRPA Journal. Congratulations!

## Surfside? We Have An App for That!

The official Visit Surfside mobile app has launched! This exciting venture will assist tourists, locals and residents in discovering all Surfside has to offer. The app is used to promote the Town's hotels, restaurants, stores and special events such as the Third Thursdays. By signing up with Surfside Circle you will receive special offers from Surfside businesses. Currently over 400 people have joined "the Circle." Help us get the word out to your families and friends. Look for updates and more exciting features as this app evolves. To download this free app search "Visit Surfside" in your mobile phone's application browser or tablet (App Store for iPhone, Google Play for Android). The creation and maintenance of the app is made possible through sponsorships and (Tourism) Resort Tax funding.

## Protect Your Dog from Heat Problems

In the hot humid days of summer, dogs have a higher risk of heat exhaustion or heat stroke. Unlike humans, dogs do not have the ability to sweat except through a small area on their paws.

Dogs rely on panting to regulate their body temperature. This is inefficient in extremely hot temperatures. Certain breeds have thicker coats or facial traits making this process even more inefficient (e.g. boxers and bulldogs have short noses and narrow airways).

Heat stroke is a life threatening condition requiring immediate medical care. Prevention is simple. Avoid strenuous exercise between 10 am-4 pm. Never leave a pet in a car even during the winter. If you suspect your dog has overheated, seek shade and wet your pet with room temperature water to promote evaporative cooling.

All dogs that exhibit signs of heat exhaustion should be examined by a veterinarian immediately to rule out advanced complications from overheating.

# Turtle Watchers Report 11 Nests on Surfside Beach

Special thanks to Bill Ahern and Selina Mills from Miami Dade County Sea Turtle Program for monitoring Surfside beach every morning looking for turtle

activity. They confirmed that the nesting season is going well with 11 nest during this season.

In Florida, sea turtles come ashore to nest in May and hatching continues until late October. A female can lay several nests during one season and only nests every two or three years. A turtle must drag her massive weight out of the water. She uses her back flippers to dig a hole and deposits about one hundred rubbery eggs, each the size of a ping-pong ball. The turtle covers the nest by flinging

sand over it. Once she leaves the nest, she never returns. After incubating for two months, the hatchlings break out of their shells and dig their way out of the nest. Near the surface, the hatchlings wait until the sand temperature cools to emerge.

If you live near the beach, you can help by keeping outside

lights off during turtle season. Stay away from any nesting sea turtle on the beach. Do not shine lights or take flash photographs. If frightened, the turtle will return to the water where she will drop her eggs.

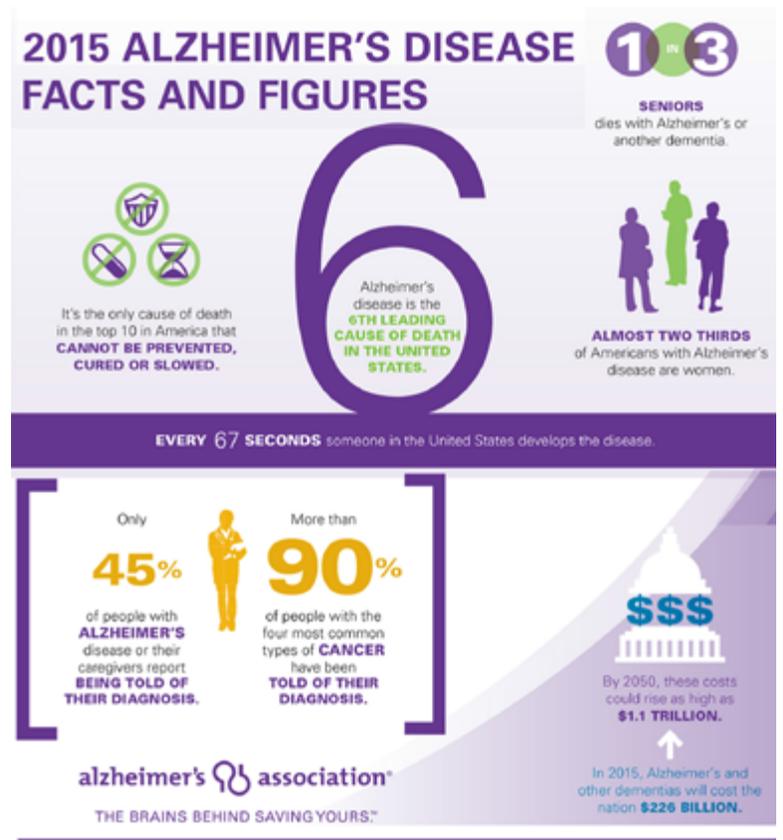

It is normal for sea turtles to be on the beach on summer nights. DO NOT report normal crawling or nesting to the Florida Fish and Wildlife Conservation Commission unless the turtle is in danger or wandered off the beach. 1-888-404-FWCC or \*FWC (Mobile Phone).

## Surfside's History Captured in a New Book

*Surfside*, the first-ever book exclusively about the history of the Town of Surfside, will soon be released by Arcadia Publishing. Written by South Florida author Seth Bramson, the 128 page book includes 192 photos that stretch back to the 1920s when the area was first developed by Frenchman Henri Levy. Other chapters focus on the Surf Club, Collins and Harding Avenues,

businesses, the Community Center and notable residents. The book continues up to the present and includes an opening letter of welcome from current Mayor Daniel Dietch. Author Seth Bramson grew up in the Surfside area and has close ties to the Town. Surfside will be his 23rd book, including *33154: The Story of Bal Harbour, Bay Harbor Islands, Indian Creek Village and Surfside*.

### COOK WITH SURFSIDE'S CHEFS

*New Column! Watch for more recipes in future issues.*

## Matzah Ball Recipe by Joshua Marcus of Josh's Deli

- 5 pieces of whole matzo (unsalted), broken to smaller pieces
- 1/4 cup chicken stock
- 1 tea baking powder
- 1/4 cup ginger beer
- 6 tbs rendered duck fat (can substitute chicken fat or canola oil)
- 1 shallot, diced
- 5 stalks of parsley rough chopped
- 1 sprig of dill rough chopped
- 4 egg whites, beaten until foamy
- 4 yolks beaten
- 1 cup matzo meal
- Salt and pepper to taste

In a sauté pan, place the duck fat and shallots, sauté till soft. Let cool but do not refrigerate as you do not want the fat to solidify. In one large bowl, place the broken pieces of matzo, the chicken stock and ginger beer let this mixture sit until the liquid has been absorbed by the matzo. When the onion/duck fat mixture is ready, add this to the mixing bowl. Finally, add the whipped egg whites and beaten yolks and the salt and pepper. Mix thoroughly. Then slowly add your matzo meal, letting the meal incorporate slowly. The mix should not be too firm, otherwise you will get real, real dense balls. Cover this mixture and place in the refrigerator to absorb. In a pot big enough to hold your future matzo balls, add 3 quarts water to 1 quart chicken stock, and salt. Let water come to a simmer (you do not want too hard a boil or the balls will break apart). Form your matzo balls to any size you like, I prefer a racquetball. (they will get bigger when cooked). Add matzah balls to the water and cook on a slow simmer for 15 minutes, uncovered. Serve in your preferred form of soup broth and enjoy.

# Squad-A Prevents a Tragedy

## POLICE BEAT

(L-R) Communication Operator Susie Sperbeck, Officers Loxley Arch, Tammy Campbell, Antonio Mesa, Chief David Allen and Officer John Gentile.

Out-of-state family members called Surfside Police and said a relative staying in Surfside said she was going to kill herself on the beach. After collecting all the important information, Communications Operator Susie Sperbeck quickly advised all available officers. Officers Tammy Campbell and

John Gentile responded to the hotel, but the woman was not there. Local agencies were contacted to assist in the search. Officer Campbell located her car in the business district. Officer Gentile, Officer Antonio Mesa and Sergeant Valino methodically searched the hardpack and beach. While patrolling the beach in the Polaris, Officer Loxly Arch located the woman in the 9500 block of the beach. She told officers she wanted to commit suicide. Officer Campbell calmed and restrained the woman. She was transported to Mount Sinai Hospital for treatment and her family was contacted. The officers of Squad A conducted a well-coordinated effort to locate the victim and prevented a tragedy. They are commended their actions, dedication and professionalism.

### Angel Melendez Sworn in as Reserve Officer

### Shark Whisperer Comes to Surfside

Sharks are some of the most popular, feared and misunderstood creatures in the ocean. As much as we love to hate this fearsome predator of the seas, the shark has a key role to play, keeping marine ecosystems in balance. That was the message from the Shark Whisperer Organization, a group that recently made a presentation at the Surfside Community Center. The organization provides advocacy, awareness and education on sharks and the conservation of our oceans.
