## Message from the Town Manager

The stars and stripes shine bright in Surfside as we gear up for another 4th of July celebration. This year's festivities bring a variety of exciting holiday activities to keep the entire family entertained. Be sure to join your neighbors for swim races, arts & crafts, outdoor games, live music and more starting at 2 pm at the Community Center.

As long as the weather permits, our annual beachside fireworks show by Zambelli is scheduled for 9 pm. Should you wish to view the colorful display from our public beach, we recommend keeping a safe distance from the fireworks and being mindful of nesting sea turtles.

*Miami New Times* recently named the beach in Surfside as one of the "Top 10 Beaches in Miami" in the newspaper's coveted Best of Miami 2019 issue. Just imagine how much more spectacular the stretch of paradise will be after the completion of the upcoming Beach Renourishment project.

In this month's Gazette, you will find a pullout insert detailing important information about this monumental project, along with a message from the Mayor. We encourage you to read the insert so you know what to expect in the coming months. At the time of publication for the July Gazette, the U.S. Army Corps of Engineers has slated this Project to begin later this month or early August. Sign up for email notifications and check the Town website for regular updates.

Wishing you a star-spangled Independence Day and summer.

- *Guillermo Olmedillo, Town Manager*

## BEACH MOSAIC STREET SIGN STUDENT GROUP PROJECT

At the June Commission Meeting, Ruth K. Broad Bay Harbor K-8 Center art teacher, Maggie Vidal Santos, was recognized for spearheading a group of art students who created the ocean-themed mosaic street signs recently installed along the Surfside beach hard pack. The Town's Public Works Department constructed the pedestals for the signs. The Police Department is trying to contact the students via the school administration in order to recognize their artistic input into this group project. The parents of students involved in this project are asked to contact Lt. Healy at (305) 861-4862.

(L-R) Assistant Town Manager Duncan Tavares, Public Works Director Randy Stokes, Vice Mayor Daniel Gielchinsky, Commissioner Michael Karukin, Mayor Daniel Dietch, art teacher Maggie Vidal Santos, Commissioners Tina Paul and Barry Cohen, Town Attorney Lillian Arango and Town Manager Guillermo Olmedillo.

## RESIDENTS & BUSINESSES ATTEND HURRICANE MEETING

The Surfside Police Department kicked off the start of Hurricane season with a Preparedness Community Meeting at Town Hall on June 4, 2019. The event focused on planning and preparation, evacuation centers, creating a check list, water surge, wind damage and safety during and after a storm. The 2019 Miami-Dade County Readiness Guide was distributed at the meeting and is available from Town Hall or online at [miamidade.gov/hurricane](http://miamidade.gov/hurricane).

## TUNE IN: CHANNEL 93 IS CHANGING TO CHANNEL 663

Effective Tuesday, July 16, 2019, Surfside's government access channel (Channel 93) will be relocated to Channel 663 of the Atlantic Broadband Limited Basic Lineup. As of that date, Surfside programming will no longer be available on Channel 93. Atlantic Broadband has recently expanded into mainland Miami-Dade County and northward to Broward County, quickly exhausting the group of channels set aside years ago for municipal access. To continue providing this service, in addition to access to other content, the transition is necessary. The transition will not affect the content you currently enjoy on Channel 93 and you will still be able to tune in to Surfside's channel via the Town website as well. If you have any questions or concerns, please feel free to contact us at [communications@townofsurfsidefl.gov](mailto:communications@townofsurfsidefl.gov).

## PUBLIC WORKS

### GARBAGE & RECYCLING COLLECTION DURING WEEK OF JULY 4th

During the week of July 4th, recycling collection will take place on Tuesday, July 2. There will be no garbage collection on Thursday, July 4, 2019. Garbage collection will resume on Friday, July 5, 2019. During the holiday schedule change, waste collection may take slightly longer than normal. We appreciate your understanding and patience. Have a happy July 4th holiday!

### PUBLIC WORKS GIVES DOWNTOWN SIDEWALKS A FRESHENING

The Public Works Department recently pressure washed all Downtown District sidewalks during evening hours, a project that is performed annually mid-year. This ensures clean sidewalks for pedestrians and removal of stains and spills. Residents and visitors can do their part to keep sidewalks clean by disposing of liquids, waste and recycling items in their proper receptacles.

### PUBLIC WORKS MOVES QUICKLY TO REPAIR UTILITIES

Pardon our dust! Occasionally, water mains under streets and sidewalks break. This happens especially with older segments on Harding Avenue and Collins Avenue. To not disrupt service to residents, Public Works dispatches personnel to address emergencies around the clock and any day of the year. These repairs can cause disruptions, but we will work as quickly as possible to restore your services.

### COMMISSION ACTION AT JUNE 11, 2019 MEETING

# POLICE BEAT

## POLICE DEPARTMENT TEEN SUMMER PROGRAM UNDERWAY

The Surfside Police Teen Summer Program in conjunction with the Parks and Recreation Teen Camp began on June 13 with an exceptional presentation on the Fundamentals of Law from District 38 Florida Senator Jason Pizzo, a former prosecutor with the State Attorney's Office. We were honored to have Senator Pizzo speak to the teens once again and appreciate his continued support of the program.

## GIRL SCOUTS TOUR POLICE DEPARTMENT

Girl Scout Troop 739 recently visited the Surfside Police Department for a tour and presentation from the officers. Sergeant Jose Matelis, Officer Frank Colonna, Officer Ronald Donoso and Officer Bryant Luke led the tour and demonstrated the police equipment.

## PARTICIPATING IN RELAY FOR LIFE

Surfside Officer Loxley Arch (at center) with students under the Police Department tent at the American Cancer Society's annual Relay For Life at Ruth K. Broad

K-8 Center on May 31, 2019. This significant event educates children on cancer prevention.

## HAVE A COFFEE WITH THE COPS

Relax with a cup of coffee and talk with the Surfside Police staff at the monthly Coffee with the Cops held at 10 am on the last Thursday of the month at the Starbucks on Harding Avenue. **Next Coffee with the Cops will be Thursday, July 25, 2019.**

## CODE COMPLIANCE CORNER

### FLORIDA FRIENDLY LANDSCAPE PRINCIPLES

On June 11, 2019, the Town Commission amended the Town's Landscaping Code to incorporate Florida Friendly Landscape Principles (FFLP). These principles seek to reduce the environmental impact of landscaping by properly applying water, fertilizer and pesticides to create a wildlife habitat, prevent erosion and recycle yard waste.

The Ordinance amendment was developed to promote Florida Friendly Landscape Principles through the use of drought resistant landscape species, grouping of plant material by water requirements, "right plant in the right place" appropriate fertilization, the use of irrigation systems that conserve water, potable and non-potable water supplies, mulching and restrictions lawn areas. The FFLP ordinance establish minimum standards for landscaping new developments and for re-developments of existing properties. Plants, shrubs and trees must be installed according to acceptable horticultural procedures with the quality of plant material as described in the FFLP ordinance.

The Town Code of Ordinances requires all property owners to maintain their land and its landscaping in a healthy, vigorous and neat appearance, free from refuse and debris. The use of certain fertilizers and pesticides creates a risk of contributing to adverse effects on surface and/or ground water. The Code requires that all fertilizers shall be safe and environmentally friendly, and their application shall conform to the manufacture's specifications. All new irrigation systems must meet the Florida Friendly Landscaping irrigation standards and be installed with a valid Town of Surfside Building Permit. If you need more information on the FFLP, then go to: <https://ffl.ifas.ufl.edu>.

## PARKS & RECREATION

### SURFSIDE'S MEMORIAL DAY CEREMONY HONORED ALL WHO GAVE THEIR LIVES SERVING THE COUNTRY

Surfside hosted its traditional Memorial Day ceremony in Veterans Park on May 27, 2019, gathering residents and guests who honored all who gave their lives serving the country. Guest speakers were Desmond Dogan (U.S. Navy) and Eduard Alba (U.S. Marines). Mayor Daniel Dietch, Vice Mayor Daniel Gielchinsky and Commissioners Michael Karukin and Tina Paul participated in the program and all veterans in attendance were recognized. Thanks to the Parks & Recreation team for coordinating the event.

## ART SHOW AT COMMUNITY CENTER

The Parks and Recreation Department collaborated with the Sunflower Society (Miami Beach Adult and Community Education Center) to start a new arts and crafts program for adults. Throughout the year, adults were able to do a variety of art projects and display them on June 5, 2019 for the end of the year Art Exhibit. Leading the class is art teacher Winsome Bolt with assistance from Denise Marlow and Marjorie York. A few of the art projects were displayed by special guests Commissioner Tina Paul and Ruth Kare. Look for this program beginning in Fall 2019.

TOWN OF SURFSIDE

# BEACH RENOURISHMENT PROJECT

## A MESSAGE FROM THE MAYOR

Through the perseverance of the Town Commission and Town Administration, along with the combined efforts of Mayors representing coastal communities in Miami-Dade County, our state and federal representatives and our lobbying team, the long-awaited Beach Renourishment Project is coming to fruition. By early August, the U.S. Army Corps of Engineers (Corps) will begin the immense task of repairing the critically eroded shoreline in Surfside using 100% federal government funds. Since July

2011, our Town Managers and I have participated in numerous calls and meetings with the Corps and various State, Miami-Dade County and local municipal stakeholders in order to express our urgency on this matter. The last time a similar project of this magnitude took place in Surfside was nearly 20 years ago.

Over the course of the next few months, please be prepared for possible traffic delays along Collins Avenue - up to 272 truck loads a day (six days a week) will haul beach-quality sand to Surfside. There will also be noise from heavy machinery in the areas of construction. Being a coastal community, this project is necessary to help buffer against major storms including hurricanes, protect our community infrastructure, preserve the environment for wildlife, as well as support the local economy and build coastal resiliency.

The Corps has contracted Continental Heavy Civil Corp of Miami and we look forward to the renewal of our Town's greatest treasure for the enjoyment of our residents and our visitors. For more information and project updates, please visit the Town website. Thank you for your patience and understanding.

*Surfside Mayor Daniel Dietch*

# SURFSIDE BEACH RENOURISHMENT PROJECT

Project of

US Army Corps of Engineers

## PURPOSE

- Coastal storm risk management
- Beach erosion control
- Hurricane surge protection

## PROJECT SCOPE

### Beach Fill

330,000 cubic yards of sand along the town limits

### Location

From 96th Street to 87th Terrace

### Timeframe

Scheduled to begin July/August

### Summer Schedule

\*\*Hours may vary in winter due to daylight savings time

Monday - Thursday 7:00 am - 7:00 pm	Sunday No work on Sundays and select holidays
Friday 7:00 am - 5:00 pm	
Saturday 9:00 am - 5:00 pm	Trucks & equipment on beach same timeframes

## BENEFITS

- Build coastal resiliency
- Protect infrastructure
- Preserve the environment for wildlife
- Recreational value
- Support the economy (tourism)

## CONSTRUCTION

Expect to see & hear heavy machinery, such as bulldozers, dump trucks and backhoes

## SAFETY

Some areas of the beach and some parking spaces will be fenced off for your protection. Steer clear of all construction zones

## POTENTIAL PRODUCTION RANGE

1,200 - 3,000 cy per day  
100 - 272 truck loads per day  
Approximate duration: 110 - 275 days  
CY = CUBIC YARDS OF SAND

## PROTECTION OF WILDLIFE

### Monitoring

Daily of migratory shorebird and sea turtles, required each morning (Miami-Dade County and Contractor)

### Nest Relocation

Sea turtle nests will be relocated out of the construction zone, as authorized by the Florida Fish and Wildlife Conservation Commission (FWC)

### Equipment Storage

From March 1 - November 30, staging areas for construction equipment must be located off the beach to the maximum extent possible. Nighttime storage of the equipment not in use must be off the beach to minimize disturbance to sea turtle nesting and hatching activities

### Beach Fill

Sand to be placed on the public beach in Surfside comes from a Florida Department of Environmental Protection approved sand source and must follow strict criteria by the U.S. Army Corps of Engineers. Sand quality determined by quartz to carbonate ratio, color, median grain size, and median sorting.

## FREQUENTLY ASKED QUESTIONS

Have you been to the beach lately in Surfside? More than likely, you will have noticed the receding shoreline. This is due to critical erosion which can negatively impact the Town in a number of ways, especially in the event of a hurricane or a storm surge. The good news is that help is on the way. As part of the Miami-Dade County Beach Erosion Control and Hurricane Protection Project, the public beach in Surfside will undergo an extensive renourishment in coordination with the U.S. Army Corps of Engineers and Miami-Dade County, starting July or August. Here are several frequently asked questions to help serve as a guide:

### Where will the beach renourishment project take place?

The beach renourishment is expected to take place on the beach between 87th Terrace and 96th Street.

### Can I access the public beach while the renourishment project is in progress?

Yes, the public beach in Surfside will remain open to the public during the Beach Renourishment Project. However, some areas of the beach will be fenced off due to construction and for safety.

### How long will the renourishment project last?

The estimated duration of the project from the start date is 110 to 275 days, as long as there are no unforeseen delays such as hurricanes and major storms.

### What are the hours of construction?

The summer schedule is Monday through Thursday from 7 am to 7 pm; Friday from 7 am to 5 pm; and Saturday from 9 am to 5 pm. Construction is prohibited on Sundays and select holidays. Hours may vary in winter due to daylight savings time.

### Where can I receive more information and updates?

Project updates are available on the Town website at [www.townofsurfsidefl.gov](http://www.townofsurfsidefl.gov), on the U.S. Army Corps of Engineers website at [www.saj.usace.army.mil/surfside](http://www.saj.usace.army.mil/surfside), on Facebook at <https://www.facebook.com/JacksonvilleDistrict> and on Twitter @JaxStrong. Additionally, the Town of Surfside will include regular updates in the monthly Town Gazette, e-blasts, Channel 663, and other communication channels including Nextdoor.

**For additional Q&As pertaining to this project, visit the Town website at [www.townofsurfsidefl.gov](http://www.townofsurfsidefl.gov).**

## SEA TURTLES ARE OUR FRIENDS

In anticipation of the beach renourishment project in Surfside, staff from the Miami-Dade County Sea Turtle Conservation Program have been proactively relocating sea turtle nests to safe self-release locations on nearby beaches outside of Surfside. All work is being conducted under the authorization of the Florida Fish and Wildlife Conservation through the program's issued Marine Turtle Permit. Further monitoring of sea turtle activity will be conducted during daily morning nest surveys until the end of sea turtle nesting season. Should additional sea turtle nests be found, they will be properly relocated and the area will be cleared before beach renourishment work can commence.

**For questions about the sea turtles, please call 305.310.3046 or email [teal.kawana@miamidade.gov](mailto:teal.kawana@miamidade.gov).**

## QUALITY BEACH SAND IS TOP PRIORITY

We have learned from past experience that residents care deeply about the sand quality and so does the Town of Surfside. Like Surfside, the U.S. Army Corps of Engineers has strict criteria when it comes to sourcing sand.

The Corps only has a few Florida Department of Environmental Protection approved sand sources that must comply with State, County and Federal requirements. Vulcan Construction Materials, Inc. Witherspoon Sand Mine, which has a proven track record for safety, health and environmental stewardship, is the selected vendor for this project. Sand sourced from Vulcan has been placed successfully during several recent truck haul projects in Miami-Dade and Broward Counties. The sand is rinsed to remove silt and fine particles, and dried and sorted utilizing a classifying tank to meet contract specifications. The beach fill also undergoes periodic inspections before leaving the mine, as well as ongoing observations during placement of the sand on the beach, including grain size, color and carbonate content. Additionally, the contractor is required to ensure beach fill material are in compliance with the contract requirements and to document all inspections through daily reports.

Map of where construction on the public beach will take place, along with access points, staging and storage areas. Subject to changes.

## 2019 SEA TURTLE NESTING SEASON INFORMATION

If you observe an adult sea turtle or hatchling sea turtle on the beach, following these rules and guidelines:

1. It is normal for sea turtles to be crawling on the beach on summer nights. DO NOT report normal crawling or nesting (digging or laying eggs) to the Florida Fish and Wildlife Conservation Commission unless the turtle is in a dangerous situation or has wandered off the beach.
2. Stay away from crawling or nesting sea turtles. Nesting is a critical stage in the sea turtle's life cycle. Please leave them undisturbed.
3. DO REPORT all stranded (dead or injured) turtles to the Florida Fish and Wildlife Conservation Commission.
4. NEVER handle hatchling sea turtles. If you observe hatchlings wandering away from the ocean or on the beach, call: 1-888-404-FWCC or \*FWC (Mobile Phone)

## July is Park and Recreation Month!

It is the perfect time to highlight all of the fun, games and excitement that Surfside Parks and Recreation Department is offering. Stay tune to see how we are participating.

## A Rare Cape Cod Waterfront Awaits You!

One of the last classic Cape Cod-styled homes built during the era of Carl Fisher can be yours. This two-story romantic home is nestled along Surfside's southern bayfront. It is situated on a deep lot with a back lawn that opens to 75-feet of bayfront and a dock with a 12,000 lb. boat lift. This 2500-square-foot home features four bright bedrooms, four baths, detached two-car garage and hardwood floors throughout.

Do not miss the opportunity of living on the water with endless sunsets and bayfront breezes. Make this home your castle!

Dear Friends,

I have been selling homes in Surfside for over 19 years in up and down markets. I thought you would enjoy a 4-month market update from January through April on how the Surfside real estate market has been selling. There are 47 homes listed for sale in Surfside at this time. During the height of the market (2006), there were 12 homes for sale. During the bottom of the market (2008-2011), there were 110 homes for sale.
