### **SPECIAL EDITION • CORONAVIRUS COVID-19 UPDATES**

# **GAZETTE**

**APRIL 2020** 

#### A MESSAGE FROM MAYOR BURKETT

Dear Surfside Neighbors,

While I'd love to begin with the exciting news about what the recent Surfside election has brought us, I must first address the ongoing health emergency.

By this time, you know that staying home, staying calm and thus, staying safe, is the best advice for powering through this emergency. All your newly elected officials are 100% engaged in caring for, and protecting the lives of all our residents, especially our most vulnerable.

Officials Burkett, Paul, Velasquez, Kesl and Salzhauer have *each* insisted on putting the COVID-19 crisis at the top of each agenda, and have committed to weekly meetings - that will not stop - until our Town and residents are out of danger and safely back on the road to the new and bright future, one that the voters of Surfside said they wanted on March 17th.

Resources to help during this emergency can be found on our Town website - and if you can't find what you need there, just call the Town, or any of your elected officials, we're all reachable - which is the beauty & rarity of our small Town way of life, it's a quality of life that can't be duplicated! To that end, if you haven't seen our current agenda, I'm going to outline here **some** of what's in it and what I expect we will get done - rapidly.

- We've reallocated "resiliency" funds that were targeted at solving imaginary problems that may have occurred in the distant future, to addressing resident issues *now!*
- We're addressing the neglected Beachwalk.
- We're talking about lighting up the Community Center pool (with turtle sensitive lights) and extending its hours.
- We've made the meetings accessible to everyone, by moving our meetings to your computer and now everyone gets to speak on any issue important to each resident!
- We're moving full speed ahead with immediate funding for the restoration of our parks.
- We've got Surfside flood control on the agenda for immediate action.
- We're going to reappoint all our boards with new members committed to putting residents first!

- Continues on Page 2

## A MESSAGE FROM MAYOR BURKETT - Continued from the previous page

- We're pulling the plug *right now* on outlandish or wasteful contracts, agreements, studies, vendors & resident un-friendly initiatives.
- We're moving to take our beach back from beach chair businesses and give it back to residents.
- We've got the following on deck for action and expect we will get it all done rapidly!
  - Undergrounding the powerlines
  - Lower property taxes and water bills
  - Designated walking paths, stenciled on the roadsides, throughout the residential area
  - Reworking the entire zoning code halting wild over-development
  - I have asked our Commission to act on my Charter amendment proposals for 3-year term limits, \$1 pay limits and strict limits on the sale or lease of any Town property

There's much more...but I've run out of space. I want to end with warm congratulations to my colleagues on their respective election victories. They are all smart, good and caring Surfside residents. I'm excited to be working with each of them and look forward to getting great things done in our Town. However, I'm mostly excited about the fact that they've all committed to keeping Surfside the amazing small-Town jewel that it is - and now, given that commitment, Surfside's small Town way of life is safe!

- Please take care, Charles

### TOWN OF SURFSIDE CORONAVIRUS UPDATE

#### SURFSIDE POLICE ARE WORKING 24/7 FOR RESIDENTS

During the coronavirus health crisis, our Surfside Police are working 24/7 to keep you and your families safe. The Surfside Police practice physical distancing, but as first-responders patrolling our Town, that is not always possible. This is another reason you should stay at home – for your health and for our police officers. The Police Department lobby remains open to the public for emergencies only. It is strongly recommend you call the Police Department non-emergency number 305-861-4862 before coming to the lobby. **For emergencies call 911.** 

# FOLLOW THIS RULE FOR HEALTH AND SAFETY IN THE BUSINESS DISTRICT

During the global coronavirus outbreak, Miami-Dade County requires all persons working in or visiting grocery stores, restaurants, pharmacies, construction sites, public transit vehicles, vehicles for hire, and locations where social distancing measures are not possible, to wear facial coverings as defined by the CDC.

Wear a cloth face mask or covering to help prevent the further spread of COVID-19

## SURFSIDE WAIVES LATE UTILITY FEES, GRANTS PERMIT EXTENSIONS

For residents and local businesses to focus on their health and safety, the Town is doing the following as a courtesy:

- For utility payments due within the next 30 days, the Town is not imposing any new late fees or penalties. As a reminder, utility bills can be paid online.
- For permits expiring soon, the Building Department is granting residents a 30-day extension.

#### **DON'T FALL VICTIM TO A COVID-19 SCAM**

The Surfside Police Department cautions residents about COVID-19 related scams. Call the Police Department's non-emergency number at (305) 861-4862 to report any fraudulent activity. To report COVID-19 fraud go to: www.justice.gov/coronavirus

## FINANCIAL RELIEF AND RESOURCES FOR SURFSIDE BUSINESSES AND JOB-SEEKERS

Surfside features a number of resources on its website for individuals and businesses who have been financially impacted by the health crisis. This information is regularly updated. Additionally, the Town's website includes ways you can help support local businesses. To learn more, go to: https://www.townofsurfsidefl.gov/news-and-events/pages/covid19

### TOWN OF SURFSIDE CORONAVIRUS UPDATE

#### CDC RECOMMENDS FACE COVERING WHILE IN PUBLIC

Recent studies have shown that many individuals with coronavirus lack any symptoms and can unknowingly transmit the virus to others. The Centers for Disease Control and Prevention (CDC) recommends wearing cloth face coverings in public settings to help slow the spread of coronavirus, particularly where other social distancing measures are difficult to maintain and in any area of significant community-based transmission.

#### IT IS EASY TO MAKE YOUR OWN CLOTH FACE COVERING

Cloth face coverings fashioned from household items from common materials at low cost can be used as an additional public health measure. The CDC released a video with easy instructions on how to make a face covering using rubber bands and a scarf, bandana or t-shirt. Go to https://www.townofsurfsidefl.gov/news-and-events/news-detail/2020/04/06/how-to-make-your-own-face-mask-using-items-from-around-your-house

#### WEARING A CLOTH FACE COVERING

When applying a face mask, it should:

- fit snugly but comfortably against the side of the face
- be secured with ties or ear loops
- include multiple layers of fabric
- allow for breathing without restriction
- be regularly laundered and machine dried without damage or change to shape

Note that cloth face coverings should not be placed on children under age 2 or anyone with trouble breathing, incapacitated or unable to remove the mask without assistance. The cloth face coverings are not surgical masks or N-95 respirators. Those are critical supplies that must be reserved for healthcare workers and medical first responders.

#### NEW TOWN EMERGENCY MEASURE FOR OUTSIDE VENDORS

A new Town Emergency Measure requires all outside vendors working in Surfside to wear a face mask or covering and maintain a safe social distance when working in the area. This includes landscapers, pool care, exterminators, repairman and all service providers. Residents are recommended to reduce landscape service to once per month.

#### YOUR PETS AND THE CORONAVIRUS

The Centers for Disease Control and Prevention (CDC) says the coronavirus disease is spread to humans through person-to-person contact and there have been no reports of pets spreading the virus in the U.S. However, there have been reports of different

animals testing positive for COVID-19 and these cases are believed to be human-to-animal transmission.

The CDC believes there's no reason to think any animals, including pets in the U.S. might be a source of infection with this new coronavirus. There is no evidence that a dog, cat or any pet can transmit COVID-19 to humans. Anyone who is sick with the coronavirus should restrict contact with any animals just like you would around other people.

All pet owners should always wash their hands after contact with their pet.

#### SAFETY TIPS WHILE SHOPPING

While shopping at a busy store such as a grocery or pharmacy, the most important strategy is to stay six feet away from other people. This is the distance people can pick up coronavirus droplets through the air from a cough or sneeze. Other ideas you should consider:

- Designate only one person per family to do the shopping.
- Go shopping at a time that's less busy. Google the store and you can often find out when foot traffic is low.
- Bring an alcohol-based hand sanitizer to clean hands and a disinfectant to wipe down cart handles before and after shopping.
- Minimize the amount of products and items that you touch while in the store.
- Use a credit or debit card. Try not to hand over bills or receive change. Use you own pen to sign receipts or use a virtual payment system like Apple Pay.
- If groceries are delivered to your home, avoid a direct hand off by having the bags left by your door. Tip the driver electronically.

### What is the difference between CodeRed and Email Notifications?

**CodeRed** is an emergency notification service that enables Town officials to notify residents and businesses by telephone, cell phone, text message or email and social media regarding time sensitive and emergency situations such as hurricanes and the current coronavirus health crisis.

**Email notifications** are the e-blasts sent out directly by the Town of Surfside to provide updates from the Town including Town Commission meetings, community events and coronavirus updates. Since early March 2020, the Town has sent 30 COVID-19 updates via email notification.

Sign-up for both at the Town website: www.townofsurfsidefl.gov/news-and-events/subscribe

For concerns outside those hours, please contact the police non-emergency number at 305.861.4862.

## SURFSIDE ORDERS MANDATORY ISOLATION OF INDIVIDUALS TRAVELING TO AREA

To combat the further spread of coronavirus, Surfside has issued a Emergency Order mandating that individuals traveling to Surfside from outside of the U.S. or from any of 19 U.S. states, must self-isolate or quarantine for the entire duration of their visit to Surfside, or for 14 days

beginning on the day of their arrival, whichever is shorter.

The Emergency Order applies to people traveling from areas with substantial documented coronavirus cases in their communities, as determined by the Centers for Disease Control and Prevention (CDC) data. The order may be amended to include additional states where community spread is documented by the CDC.

As this is a rapidly changing situation, the information in this Surfside Gazette may have changed since printing. For the most up-to-date information, visit the Town website: www.townofsurfsidefl.gov and sign up for email notifications.
