## MESSAGE FROM THE TOWN MANAGER

As we approach Independence Day, I wanted to take a moment to wish you all a happy and safe celebration. The Fourth of July is a time to come together as a community and commemorate the values of freedom and unity that our great nation stands for.

While enjoying the summer festivities, let's also remember to respect our beautiful beaches. As we soak up the sun and enjoy the waves, let's be mindful of keeping our beaches clean and free from litter. Small actions like picking up after ourselves and using designated trash bins go a long way in preserving the natural beauty of our coastal environment.

We value your ideas and opinions, and I encourage you to actively engage in the budget discussions and public hearings. Your voice matters, and together, we can ensure that our town's resources are allocated effectively and in line with our community's needs and priorities.

Lastly, as you know the Town recently held the second Remembrance Event to honor the victims of the 2021 building collapse. A recap article will be featured in the August Gazette.

On behalf of all Town Staff, thank you for allowing us to serve you!

Hector Gomez, Town Manager

## CALLING FOR FINAL INSPECTIONS

*From Code Compliance and Public Works-* Under the Florida Building and Town Codes, you are required to apply and obtain a Town of Surfside Building Permit before commencing any type of construction work, including but not limited to interior remodeling, driveways, curb cuts, fences, gates, garage conversions, etc.

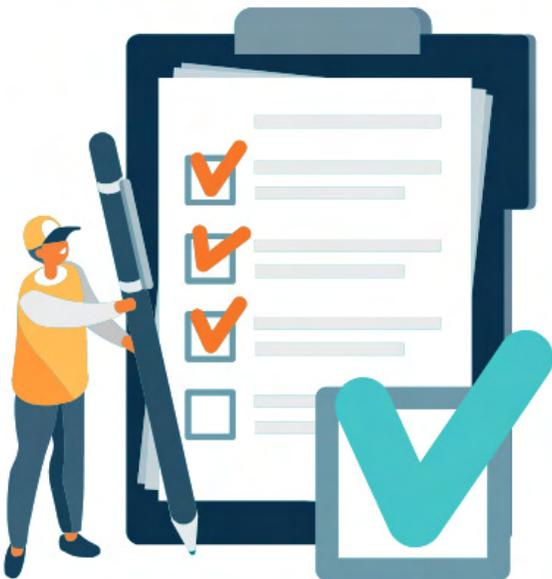

Once you have obtained your permit, work must commence and continue until work is completed. You or your contractor must request inspections throughout the project duration. If inspections aren't performed within 180 days of the issuance of the permit, or if work is suspended or abandoned for 180 days after the last inspection, the permit will expire; you will need to re-apply and pay for a new building permit.

It is the property owner's responsibility to ensure the project receives a final inspection from all the disciplines involved in the review process, such as building, planning, and public works departments.

Building Permit Application forms are available online at: <https://townofsurfsidefl.gov/departments-services/building/documents-and-forms>. Some permits can be applied for online through the Town's website: Customer Self Service (CSS) ([townofsurfsidefl.gov](https://townofsurfsidefl.gov))

Almost all permits require a current property survey, so be sure to have that ready when applying.

For any questions about the building permit application process or what materials you will need to provide for the permit, contact the Building Department at (305) 861-4863 and press number 5.

## FROM SPRING TO SUMMER: SEA TURTLE NESTING SEASON CONTINUES

Surfside continues celebrating a busy spring sea turtle nesting season with multiple nests found throughout Surfside's beach since the start of the season several months ago, emphasizing the need to be vigilant and respect County markers on the beach.

However, nest markers aren't the lone indicators for activity as evidenced by a number of actual turtle sightings over the past few months. As the photos show, a large Loggerhead was spotted nesting on the beach several weeks ago while a more recent sighting captured a majestic Leatherback, the largest of all sea turtle species, also nesting in Surfside and heading back to the water.

Adhering to sea turtle lighting regulations during the nesting season is crucial, and it is essential to avoid deliberately looking for turtles during evening hours. By maintaining a respectful distance and avoiding interference with the nesting process, we can contribute to creating a safe environment for sea turtle eggs to hatch and hatchlings to make their way back to the ocean.
