MESSAGE FROM THE ACTING TOWN MANAGER MARIO A. DIAZ

Dear Friends and Neighbors: As May arrives, it brings with it a series of important observances that invite our community to reflect, honor, and come together in appreciation of others.

Did you know that Older Americans Month was established in 1963 by the Administration for Community Living (ACL) and is celebrated every May? The observance is designed to celebrate seniors, promote healthy aging, and combat social isolation through community engagement. It recognizes the achievements, wisdom, and ongoing contributions of older adults, highlighting their vital role in our communities. Older Americans Month also encourages support, raises awareness of aging trends, and challenges age-related stereotypes, ensuring that older residents feel valued, engaged, and included. Surfers, take the time this month to meet and greet our seniors and celebrate their contributions.

Speaking of appreciation, May begins with Mother's Day, celebrated on the second Sunday, offering an opportunity to honor the love, care, and dedication of mothers and maternal figures. Soon after, Armed Forces Day, observed on the third Saturday, reminds us to recognize and thank the men and women currently serving in the United States military for their commitment and sacrifice.

At the close of the month, Memorial Day provides a solemn moment to honor and remember those who gave their lives in service to our country. In addition to these observances, May is nationally recognized as Military Appreciation Month, Mental Health Awareness Month, Skin Cancer and Melanoma Awareness Month. Each initiative draws attention to important issues, promoting community well-being and public health.

Throughout the month, residents are encouraged to take time to reflect on these observances, participate in local activities, and show appreciation for the individuals and causes that make our community strong.

As the community moves forward following the recent elections and runoffs, May represents a period of renewal for the Town of Surfside. The Town remains committed to promoting transparency, strengthening community engagement, and enhancing the quality of life for all residents.

This season also marks the start of an important planning process. As the Town prepares its annual budget, the Commission, staff, and community will participate in a strategic planning initiative designed to do more than set spending priorities. It will establish shared goals, align our efforts across departments, and build a foundation for where Surfside is headed in the years ahead. That process works best when everyone has a voice, and we are committed to making sure residents have opportunities to be part of it.

With a renewed sense of purpose and a shared roadmap in front of us, Surfside moves forward as one team.

For Town Fun in Surfside... Surfers are encouraged to visit the 96th Street Surfside Farmers Market on Saturdays and Sundays through May 31, 2026. This is the last chance to enjoy fresh produce, local goods, and community connection before the season comes to a close.

As part of the Town's historical programming, Dr. Paul George will lead a walking tour on Sunday, May 3, highlighting Surfside's rich history and heritage. Registration is required, and space is limited.

On Memorial Day, Monday, May 25, the community is invited to honor and remember U.S. service members who gave their lives in military service, join us at 10 a.m. at Veterans Park.

Throughout May, Surfside's Parks & Recreation Department continues to offer a variety of seasonal programs, including fitness classes, youth sports, senior activities such as the May Senior Brunch, and community gatherings that bring neighbors together. These events provide residents of all ages with opportunities to stay active, learn, and celebrate the vibrant spirit of the Surfside community.

Residents are encouraged to visit the Town Calendar to stay informed about upcoming meetings, events, and activities throughout May.

Together, we nurture a community that is stronger, healthier, and more connected.

Remember Surfers... "May is the month of expectation, the month of wishes, the month of hope." -*Emily Brontë*

MESSAGE FROM THE CHIEF OF POLICE CHARLES R. PRESS

Summer is almost here, and with it comes an exciting but busy season for our community. In June and July, Surfside will be at the center of the action as FIFA brings world-class soccer to our area. We welcome the energy and enthusiasm this event will bring, but residents should be prepared for significant traffic impacts throughout the surrounding area during this time. The Surfside Police Department will have officers deployed to manage the influx and keep traffic moving as safely and efficiently as possible. We appreciate your patience in advance.

As always, June 1st also marks the start of Hurricane Season. We strongly encourage all residents to make their emergency preparations now, before a storm is on the horizon. This includes assembling an emergency kit, reviewing your family's evacuation plan, and being ready to leave Surfside promptly if an evacuation order is issued by the Mayor of Miami-Dade County. Early preparation saves lives, and we urge you not to wait.

From all of us at the Surfside Police Department, we thank each of you for your continued support and partnership in keeping our community safe. It is a privilege to serve you, and we look forward to a safe and enjoyable summer season together.

Planning and Zoning Department
Scarlet Hammons
Email: shammons@corradino.com

The Town Commission has recently amended the Town Code to adopt an official exterior paint color palette for properties throughout the municipality. The new provision is intended to promote a consistent and harmonious visual character while preserving the Town's unique aesthetic identity.

Under the updated code, property owners planning to repaint the exterior of a house are not required to obtain a building permit. However, prior to beginning work, owners must apply for and receive a Zoning Approval Letter confirming that the proposed paint color complies with the adopted color swatch palette.

The application allows the Town Planner to review the selected color for consistency with the approved palette and ensure compliance with community design standards. This process helps maintain an attractive and coordinated streetscape across the neighborhood.

Questions regarding the application process or palette options may be directed to the Planning Department.

The Town appreciates residents' cooperation in supporting this initiative to preserve and enhance the community's overall appearance.

In 2012, she also received Officer of the Month recognition from the Dade Chiefs Association for her role in apprehending a bank robbery suspect.

SURFSIDE TO HOST SCOOTER AND ELECTRIC BIKE SAFETY EVENT ON MAY 6

The Town of Surfside will host a Scooter and Electric Bike Safety Event on May 6 to promote safe riding practices and raise awareness among riders and drivers.

The event will highlight key safety reminders, including staying alert for pedestrians and vehicles, obeying all traffic signals and stop signs, and yielding to pedestrians in crosswalks. Riders are also encouraged to use hand signals, wear reflective gear when riding at night and always wear a helmet, which is required by law for riders under 16.

Drivers are reminded to remain alert, obey speed limits and watch for scooters and electric bikes throughout Town roadways. The initiative aims to support safer streets for all users and reinforce shared responsibility on the road.

The Surfside Police Department is reminding motorists to obey posted stop signs and follow traffic laws following an increase in traffic violations across Town. Failure to stop at intersections creates serious safety risks for drivers, pedestrians, micromobility users, cyclists and families.

Patrol and traffic enforcement officers are actively monitoring roadways, and violations may result in citations, fines and points on a driver's license.

FROM CODE COMPLIANCE: IT'S SEA TURTLE NESTING SEASON!

Sea turtle nesting season has officially begun in Miami-Dade County, but sometimes, these amazing animals even arrive a little early! Each year, our beaches become an important home for nesting sea turtles and their tiny hatchlings.

To help protect them, the Town of Surfside has lighting guidelines in place. When hatchlings emerge, they naturally follow the brightest light, ideally the moon over the ocean. Artificial lights from buildings can confuse them, leading them in the wrong direction.

Keeping our beaches dark makes a big difference. Not only does it help hatchlings find their way safely to the water, but it also encourages mother turtles to come ashore and nest.

If you live on the east side of Collins Avenue, you play an especially important role in protecting these incredible creatures. Here are a few easy ways you can help:

- Turn off lights that aren't needed at night
- Close your blinds or curtains, or use window tint to keep indoor light from reaching the beach
- Move lamps and other lights away from windows

With just a few small changes, we can all work together to keep our beaches safe for sea turtles. Thank you for being part of the effort to protect one of nature's most special visitors!
